1. INTRODUCTION

This manual provides comprehensive instructions on how to use the Municipal Payment Portal effectively. It is designed to help users navigate the system, make payments, and manage their accounts with ease.

1.1 System Overview

The **Municipal Payment Collection System** is a web-based system developed for the **Municipality of Santa Maria, Laguna**. It helps automate the process of recording payments, generating reports, and tracking finances.

For the **Collector**, the system provides tools to process real-time transactions, manage the receipts in the system, generate, view, and download financial reports. It also includes security features such as role-based access and session timeouts.

1.2 Purpose of the Manual

This manual is made to guide **Municipal Staff (Collectors)** on how to use the Municipal Payment Portal properly. It explains how to:

- Log in to the system,
- Manage the receipts in the system,
- Process transactions,
- Generate, view, and download financial reports,
- Update profile and account settings

The main purpose of this guide is to help collectors understand how to use the system efficiently and make daily financial operations smoother and more transparent for the municipality.

2. SYSTEM REQUIREMENTS

Before using the **Municipal Payment Portal**, make sure your computer or device is ready. This section explains what you need so the system works smoothly and without errors.

2.1 Hardware Requirements

You don't need special equipment to use the system. You just need:

- A **computer or a laptop** to open the system
- A **dot matrix printer** is needed if you need to print receipts
- A **stable internet connection** so pages and reports load properly

💡 *If your internet is slow, wait a few seconds for the page to finish loading before clicking again.*

2.2 Software Requirements

The system works online through a web browser, so you don't have to install anything.

Recommended Browsers:

- **Google Chrome** – *Best browser to use for the system (**highly recommended**)*
- Mozilla Firefox – Works well, but may load slower on some pages
- Microsoft Edge – Compatible but may display pages slightly differently
- Opera – Can be used, but some features might not appear the same

Other Tools Needed:

- **PDF Reader:** Adobe Acrobat Reader or any app that can open PDF files (for viewing receipts)
- **Excel/Spreadsheet Applications:** Microsoft Excel, Google Sheets, or any app that can open Excel files (for opening downloaded, generated reports)

💡 *The system works best on **Google Chrome** because it displays all pages correctly and loads faster than other browsers.*

2.3 Account and Security Settings

- Each user will receive a **username and password** from the system administrator.
- Keep your password **private and secure**.
- Always **log out** after using the system, especially on shared computers.

The system also includes a **security feature** that logs you out automatically if you are inactive for a while. *(More details about this are explained in the Security and Privacy section.)*

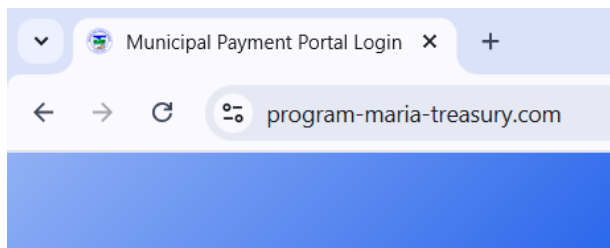

3. GETTING STARTED

This section will guide you through the basic steps in using the **Municipal Payment Portal**, from opening the system to exploring its main features. Follow these steps carefully to make sure you can access your account and navigate the system properly.

3.1 Accessing the System

1. Open your **web browser**.
2. In the address bar, type the system link:

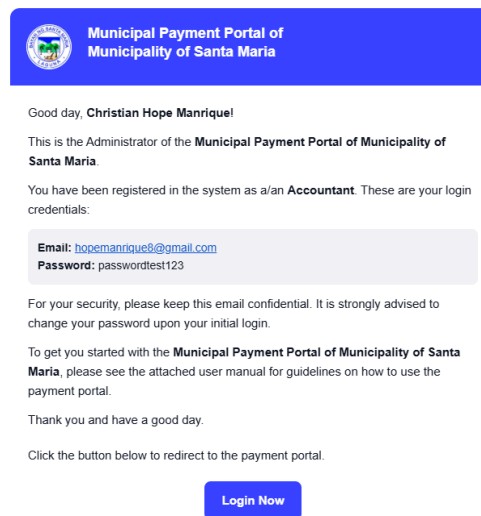

www.program-maria-treasury.com

3. Press **Enter** on your keyboard.
4. The **Municipal Payment Portal Login Page** will appear.

3.2 Obtaining the Login Credentials

1. The login credentials are only provided by the system administrator.
2. To access your login credentials, the system administrator must have sent an email that contains your login credentials to your email account that will be used in the system.

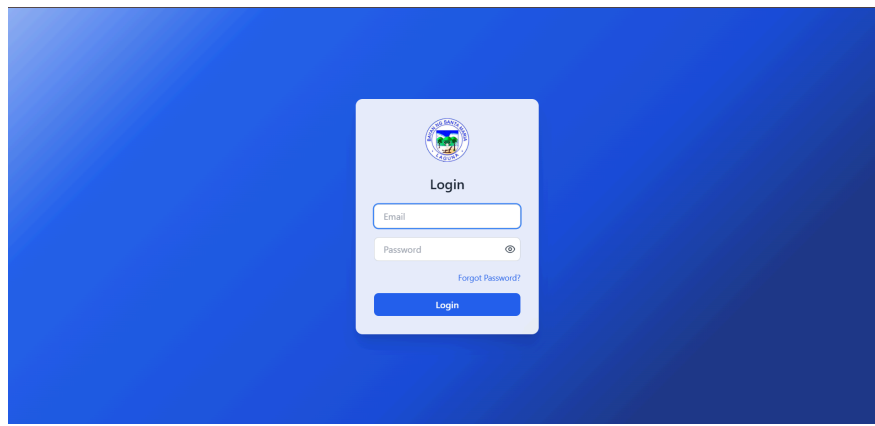

a.

3.3 Logging In

1. On the login page, enter your **Email** and **Password** that were given by the system administrator.
2. Click the **Login In** button.
3. Wait a few seconds while the system loads.
4. Once logged in, you will be directed to the **Collector's Dashboard**.

💡 If you enter the wrong credentials, an error message will appear. Try again or click the “Forgot Password” to recover your account (see 3.6 **Forgot Password / Account Recovery**).

3.4 Sidebar Menu

On the **left side of the screen**, you'll see the **sidebar** — this is your main navigation tool.

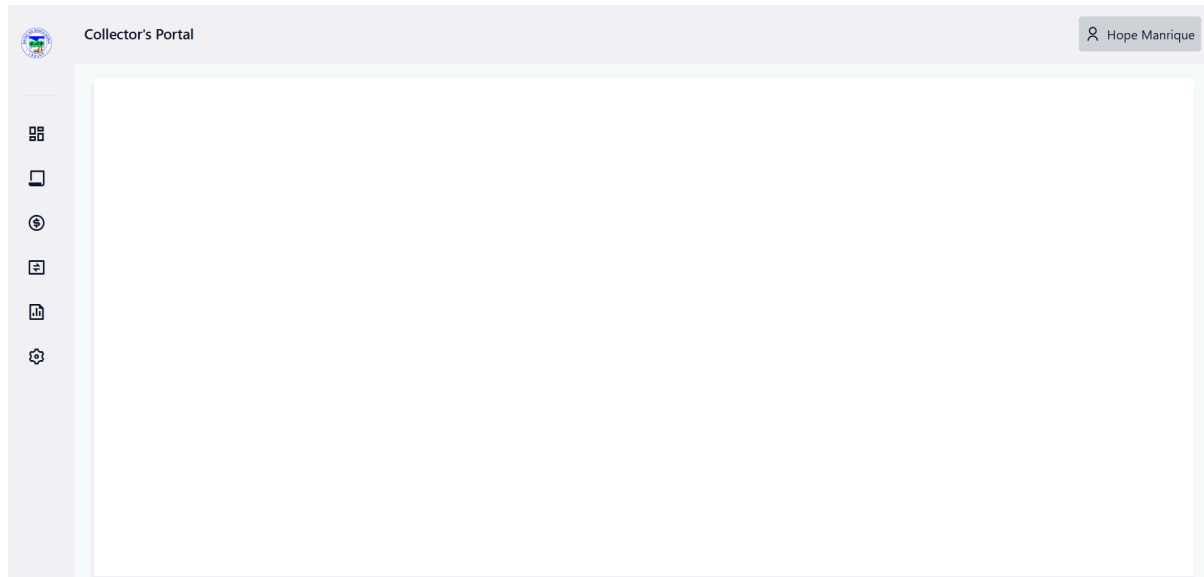

It contains all the system pages you'll use.

Sidebar Menu Options:

- **Dashboard** – shows the overall financial summary, revenue and transaction details, payment type breakdown, and report shortcuts
- **Receipt Batches** – for managing receipts that will be provided for the payment processing
- **Payments** – for processing payments, the primary source of the transactions throughout the system
- **Transactions** —displays all payment records that you processed
- **Reports** – for creating financial and summary reports
- **Settings** – where you can edit your profile, change password, or adjust auto-logout and lock screen times

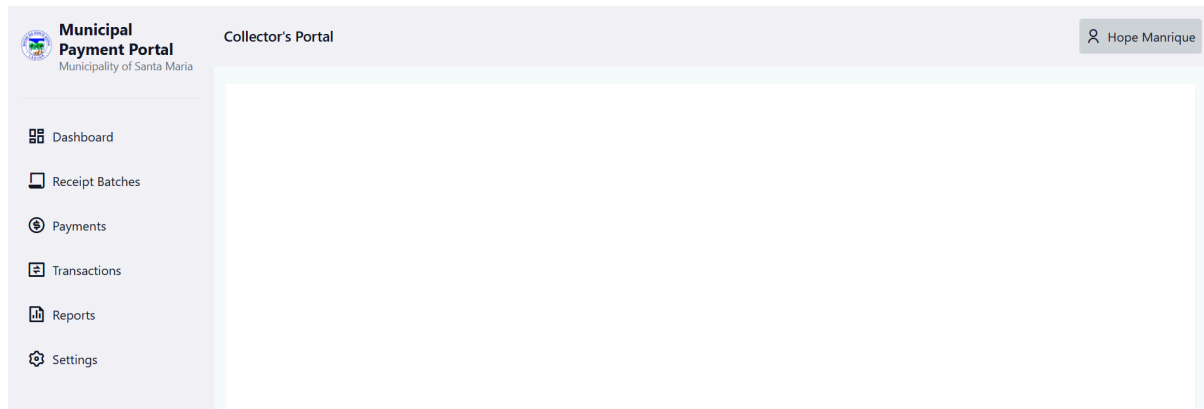

💡 The sidebar automatically **expands** when you hover your mouse over it, and **collapses** again when you move the cursor away. This helps keep your workspace clean and gives more space for the dashboard and reports.

Sidebar (Collapsed / Not Hovered)

“Sidebar when not hovered — only the icons are visible.”

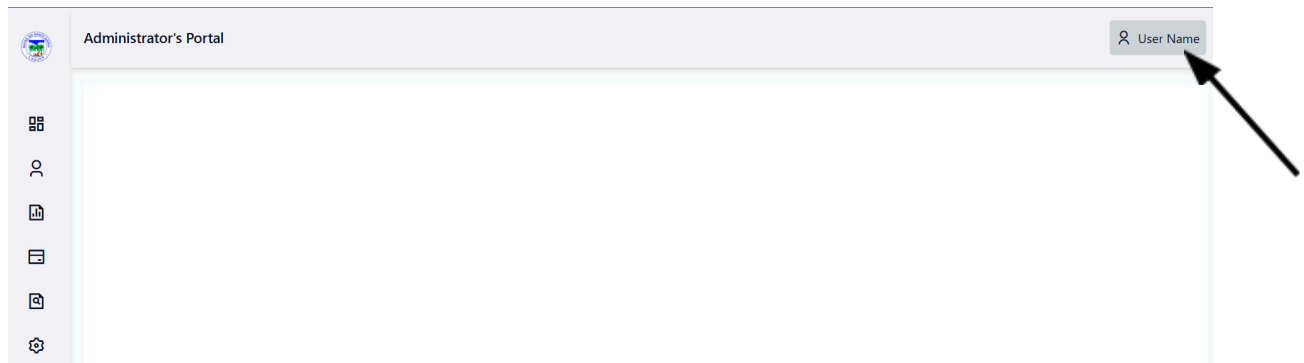

Sidebar (Expanded / Hovered)

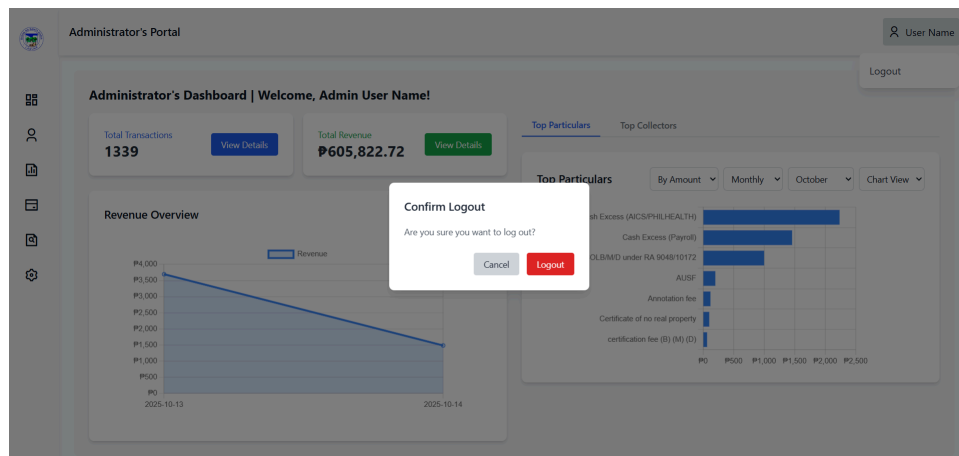

“Sidebar when hovered — full menu names appear.”

3.5 Logging Out

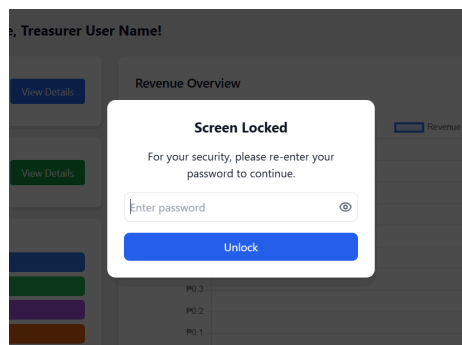

1. When you're done, click **Logout** on the sidebar or the top right corner of the screen.

2. Wait for the confirmation message that asks you to confirm your logout in the system. Click the logout button to exit the system.

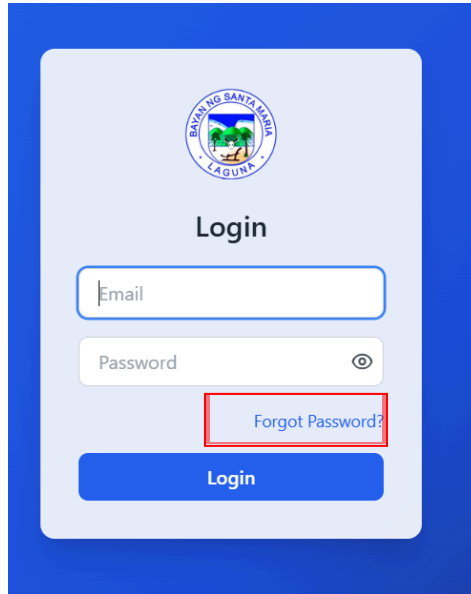

3. You can log in again anytime using your username and password.

💡 If you leave your account inactive for a few minutes, the system will log you out automatically (session timeout) to keep your account secure.

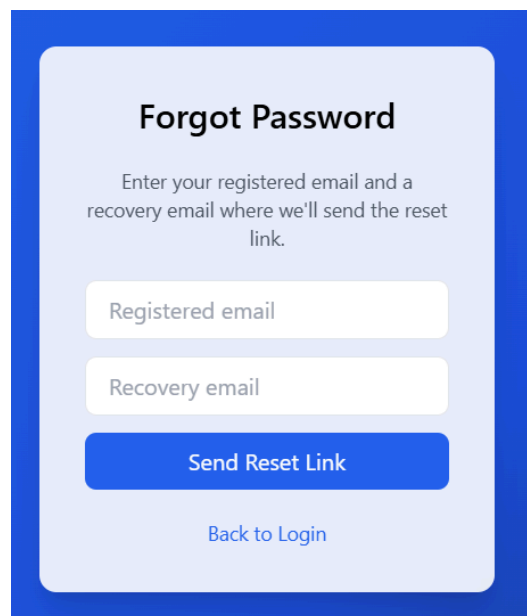

3.6 Forgot Password/Account Recovery

1. When you forget your password, on the login page, click on “**Forgot Password?**” under the password input field.

The screenshot shows a login interface with a blue background. At the top center is the Bayan Lgo Santa Maria Laguna logo. Below it is the word "Login". There are two input fields: "Email" and "Password". The "Password" field has a toggle icon (an eye) to its right. Below the "Password" field, the text "Forgot Password?" is highlighted with a red rectangular box. At the bottom is a blue button labeled "Login".

2. Once clicked, you will be redirected to the Forget Password Page, which contains an input field to enter your recovery email and your registered email address in the system. If the system does not recognize the email address, then there will be no reset link sent.
 - a. **Note:** The recovery email will be the recipient of the reset link.

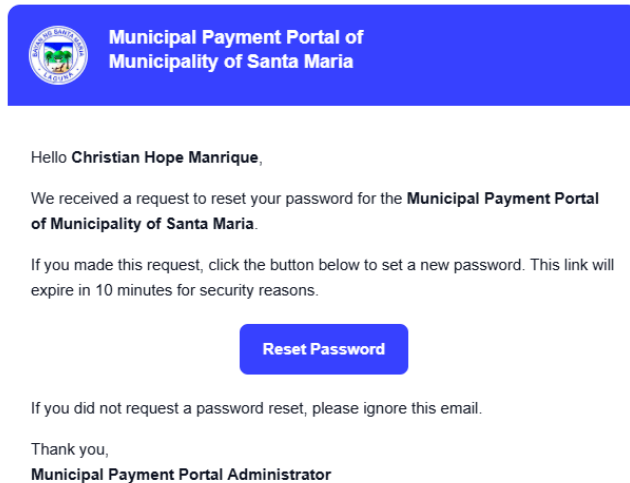

The screenshot shows the "Forgot Password" page. At the top is the title "Forgot Password". Below it is a message: "Enter your registered email and a recovery email where we'll send the reset link." There are two input fields: "Registered email" and "Recovery email". Below these fields is a blue button labeled "Send Reset Link". At the bottom is a link labeled "Back to Login".

3. Click the “Send Reset Link” button to obtain the reset link, and check your email account. You should receive an email like this:

Password Reset Request > Inbox x

Municipal Payment Portal <0322-2198@lspu.edu.ph>
to me ▾

4. Click the “Reset Password” button to access the reset link.
5. Once clicked, you will be redirected to the Reset Password page, which contains a new password input field.

The image shows a screenshot of a web page titled "Reset Password". The page has a blue background. In the center, there's a light blue rounded rectangle containing a white input field with the placeholder text "Enter new password". Below the input field is a blue button with the text "Update Password".

6. Enter your new password and click the Update Password button.
7. Once clicked, you will be redirected back to the Login Page, and then you can log in again using your new password.

4. COLLECTOR FUNCTIONS

This section explains the main features that the **Collector** can use inside the **Municipal Payment Portal**.

As a collector, you can view the details of the revenue collected and transactions that you processed, manage receipts, generate, view, and download reports, and manage your account settings to keep your information secure and updated.

4.1 DASHBOARD

After logging in, you will be directed to the **Collector's Dashboard**, which is the main page of the system. This dashboard gives the collector a quick overview of all financial activities and collections.

In the Dashboard, you will see several key sections:

a. Viewing Transactions

When you click **“View Details”** under **Total Transactions**, a window appears showing the **Transactions Summary**.

This summary helps the administrator to see how many payments were made within a specific time range.

Transactions Summary Window

The window contains:

- **Filter Buttons:** Daily | Weekly | Monthly | Quarterly | Yearly
- **Table Columns:**
 - **Time** – day or period being viewed
 - **Transactions** – number of payments recorded
 - **Trend** – percentage or movement of transactions over time

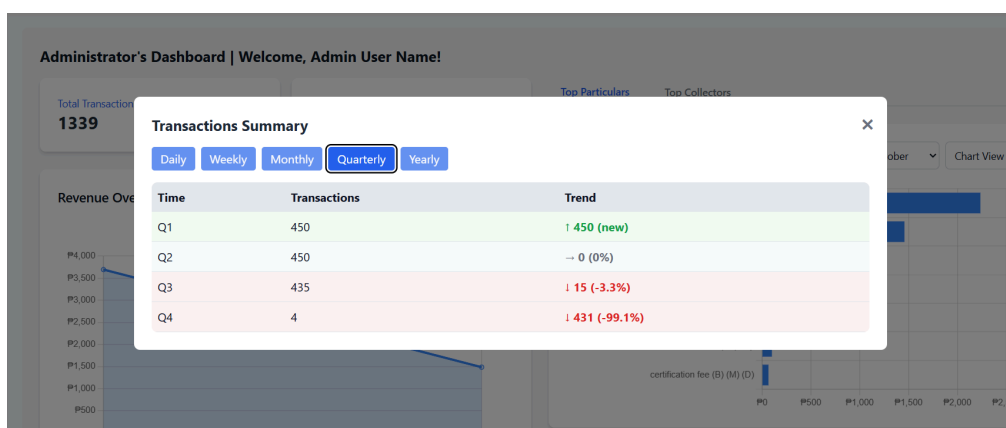

How to view transactions:

1. From the **Dashboard**, click “**View Details**” under **Total Transactions**.

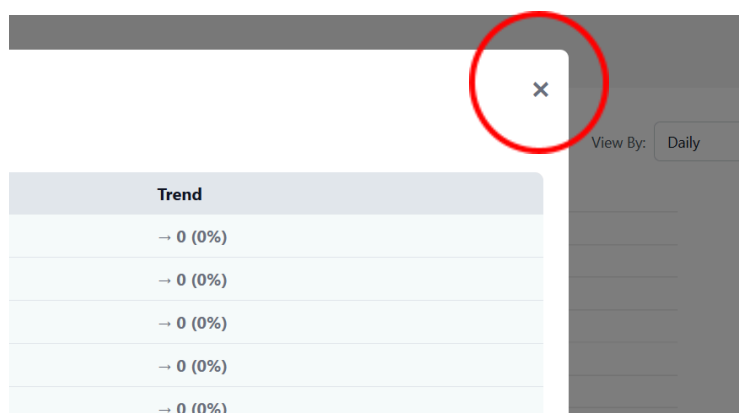

Total Transactions
1340

View Details

2. Choose your **preferred filter** (Daily, Weekly, Monthly, Quarterly, or Yearly).

3. The table will update automatically to show transaction counts for each period.
4. Review the results to monitor activity and see if collections increased or stayed the same.
5. Click the **X icon** in the top-right corner to close the window.

💡 Use “Monthly” or “Quarterly” view to check long-term performance trends.

b. Viewing Revenue

When you click “**View Details**” under **Total Revenue**, another window opens called **Revenue Summary**.

This shows how much money was collected in each period, along with trend comparisons.

Revenue Summary Window

The window displays:

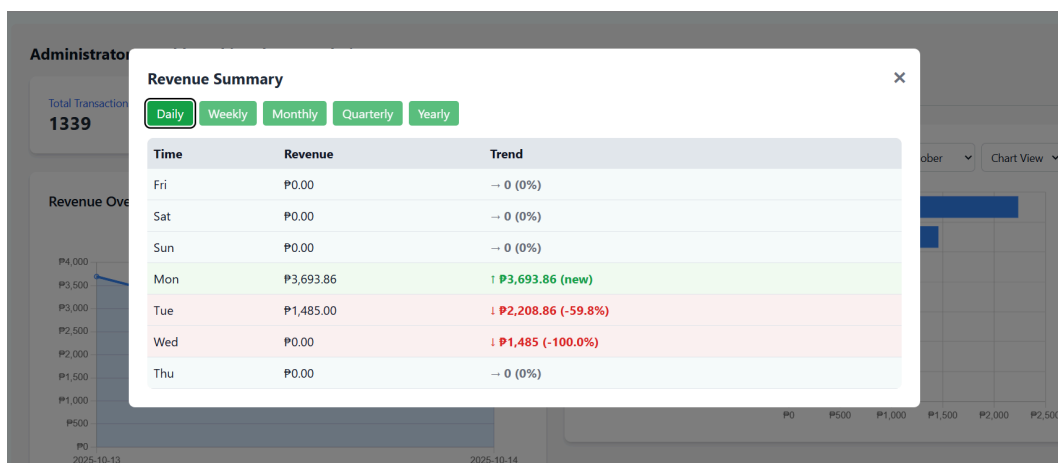

- **Filter Buttons:** Daily | Weekly | Monthly | Quarterly | Yearly
- **Table Columns:**
 - **Time** - period of collection
 - **Revenue** – total amount collected in pesos (₱)
 - **Trend** – percentage increase or decrease compared to the previous period

How to view revenue:

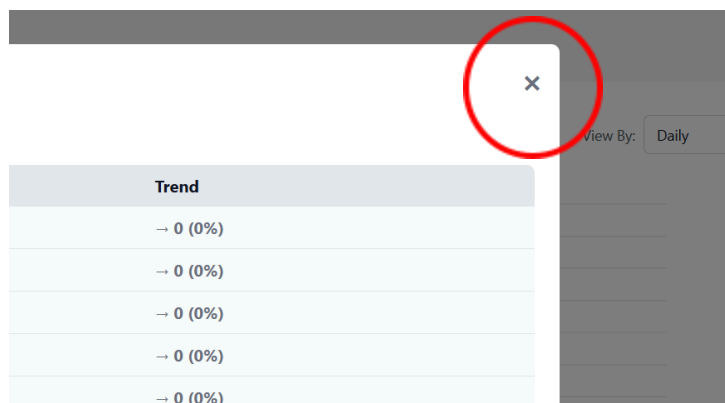

1. From the **Dashboard**, click “**View Details**” under **Total Revenue**.

2. Pick your desired filter (Daily, Weekly, Monthly, Quarterly, or Yearly).

3. The system automatically refreshes the table to display revenues for the selected range.
4. Review the **Trend** column to see if the collection increased or decreased.
5. Click the **X icon** to close the summary window.

The screenshot shows a summary window with a table and a close button. The close button is a red 'X' icon in the top right corner of the window. The table has a header 'Trend' and five rows, each showing a trend of '→ 0 (0%)'. To the right of the table is a sidebar with a 'View By:' dropdown menu set to 'Daily'.

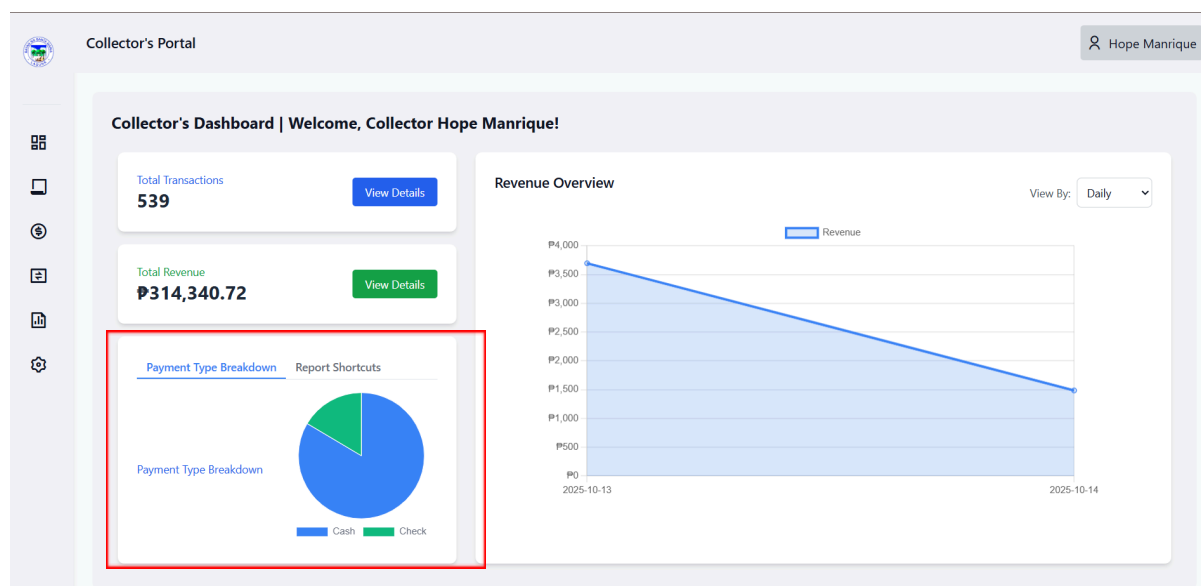

Trend
→ 0 (0%)
→ 0 (0%)
→ 0 (0%)
→ 0 (0%)
→ 0 (0%)

💡 The “Revenue Summary” helps track how much income the municipality receives over time and compare performance across different periods.

c. Payment Type Breakdown

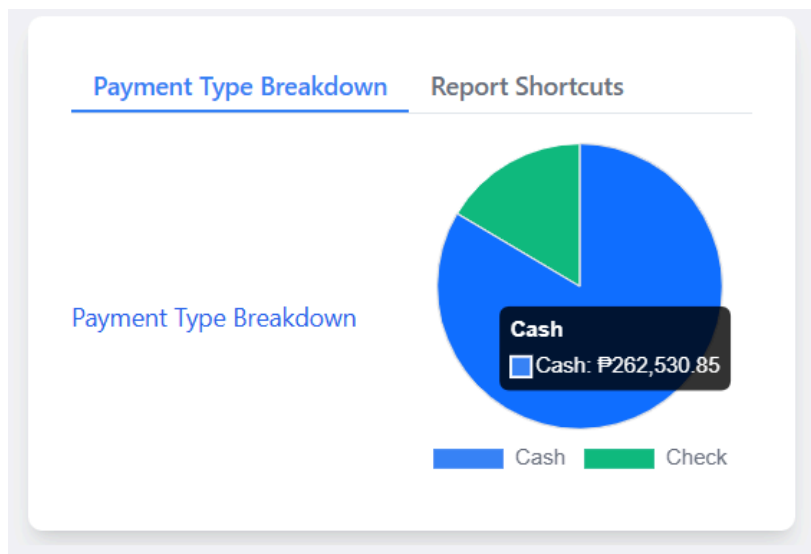

At the bottom of the total revenues and transactions, there is a section for payment type breakdown and report shortcuts that are separated by tabs.

The payment type breakdown shows the revenue collected by using different types of payment methods.

How to view payment type breakdown:

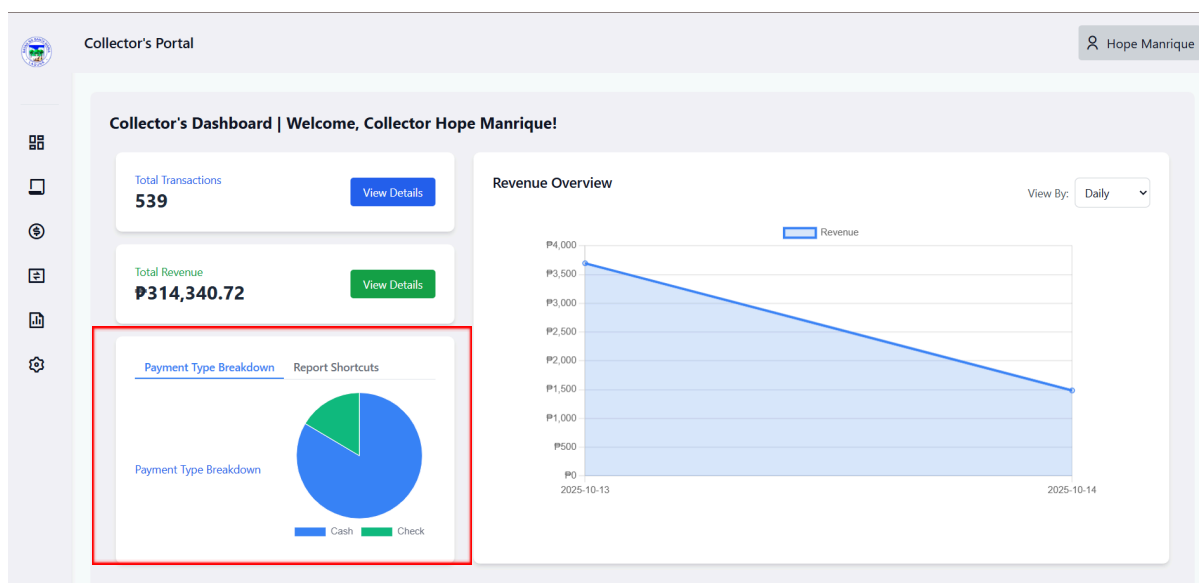

1. Click the payment type breakdown tab.
2. You can hover over the divisions in the pie graph to view more details.

d. Report Shortcuts

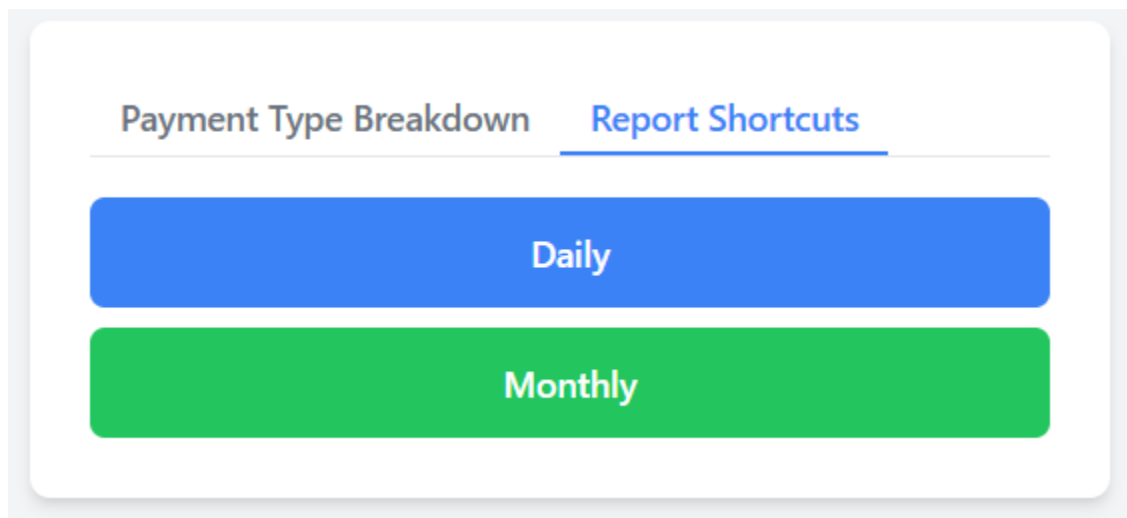

At the bottom of the total revenues and transactions, there is a section for payment type breakdown and report shortcuts that are separated by tabs.

The report shortcuts show buttons for generating daily and monthly collector reports.

How to use report shortcuts:

1. Click the report shortcuts tab.
2. Click the daily or monthly button to generate collector reports.

You can use the **Report Shortcut Buttons** to quickly create and view reports based on the time period or report type you need.

These shortcuts are found under the **“Report Shortcuts”** section on the left side of the dashboard.

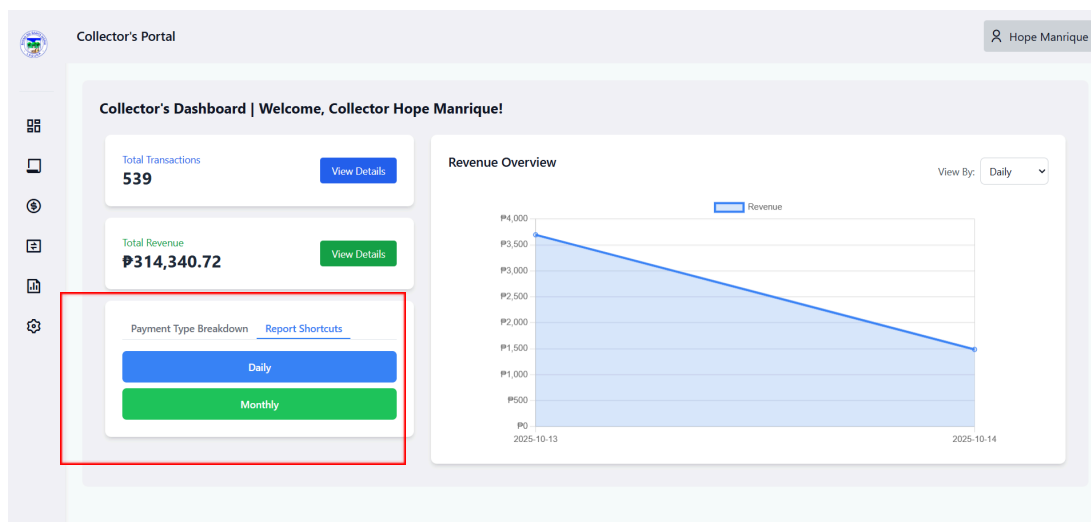

Button	Description
Monthly (Blue)	Generates a summary of all transactions and total revenue for the current month.
Quarterly (Green)	Creates a report that shows payment activity and income every month.

e. How to Generate a Report?

You can generate reports in **two ways** — either from the **Dashboard (Report Shortcuts)** or directly from the **Transactions Page**.

Using the Dashboard Report Shortcuts

1. From the **Dashboard**, click on the **Report Shortcuts** tab.
Click the button for the report you want to generate (e.g., **Daily**, **Monthly**).

2. Wait a few seconds.
3. A pop-up window will appear.

The screenshot shows a 'Report Preview' pop-up window. It has two tabs: 'Daily Transaction Sheet' (selected) and 'Daily Sheet (Accountability Forms)'. The title is 'DAILY TRANSACTION SHEET For October 18, 2025'. Below the title is a table with the following data:

OR No.	DATE	NAME	PARTICULARS	AMOUNT
9382651	October 18, 2025	Jazmin Dorado	Annotation fee x 1 AUSF x 1 Backfiling/Hauling x 1	866.99
9382652	October 18, 2025	Jonwayne Unisa	Certificate of no improvement x 1 CCE/CFN on COLB/M/D under RA 9048/10172 x 1 Certified true copy of tax dec x 1	1,110.00
TOTAL				1,976.99

At the bottom right of the window are two buttons: 'Back' and 'Download Report'.

 This window will appear when you click the Daily shortcut button.

💡 This window will appear when you click the Monthly shortcut button

- Click **Generate** to proceed.

- Wait a few seconds while the system compiles the data.
- After a few seconds, **another pop-up window will appear showing the generated report.**

Republic of the Philippines

Date Covered:
October 1-31, 2025

Back Download Report

Note: This is just a sample report for demonstration purposes.

7. You can then:

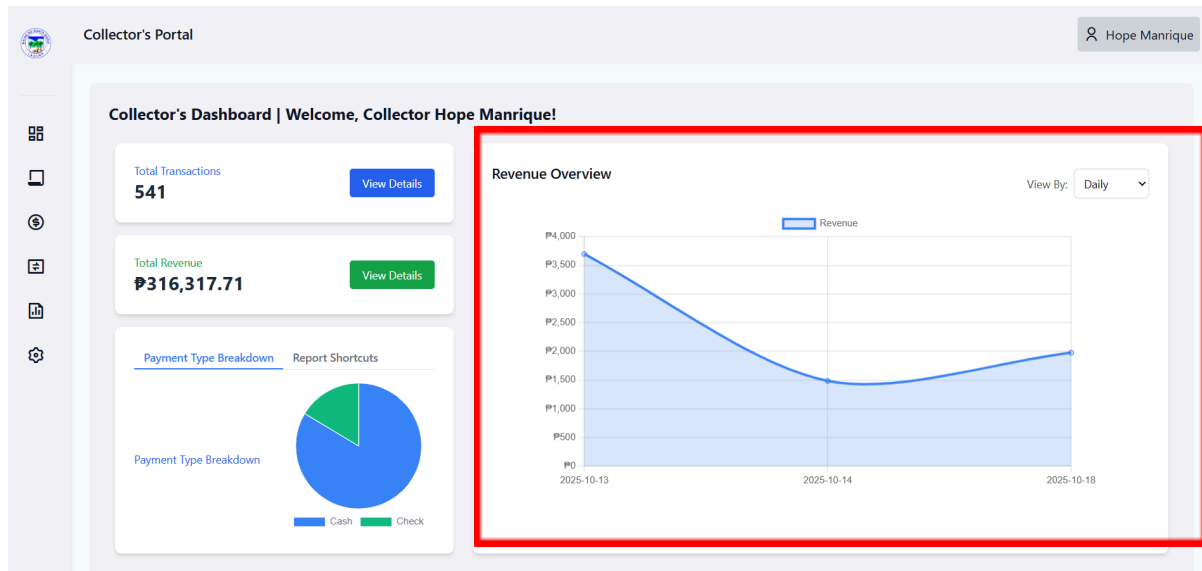

- **Download** the report as an Excel file,
- **Save** it for future reference.
- And submit it to the “submit reports section”

f. Revenue Overview Chart

The Revenue Overview chart provides a visual representation of revenue performance.

Use the “View By” dropdown menu to switch between different views (**Daily**, **Weekly**, **Monthly**, **Quarterly**, or **Yearly**).

This chart helps employees analyze trends in collection and detect any irregularities in reported revenues.

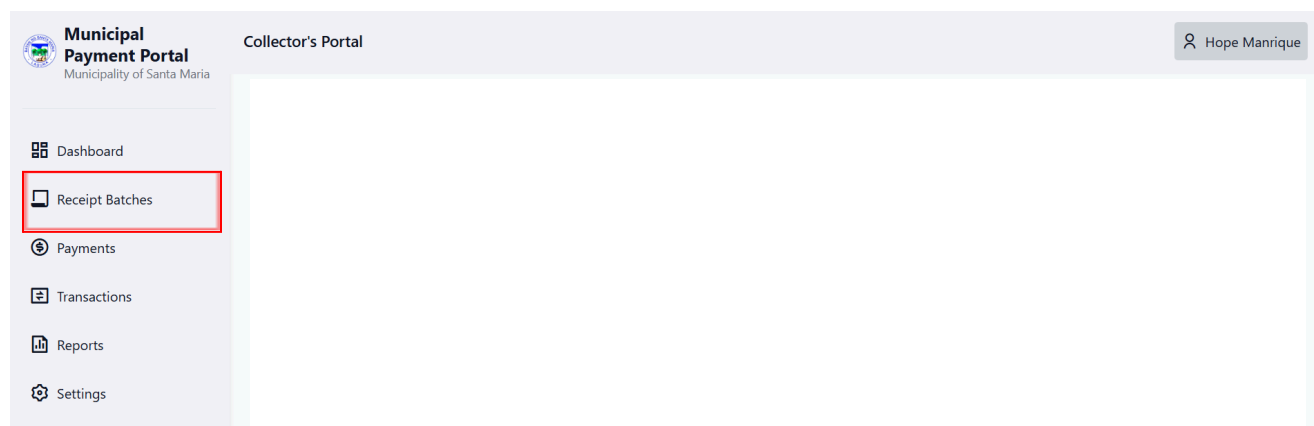

4.2 RECEIPT BATCHES

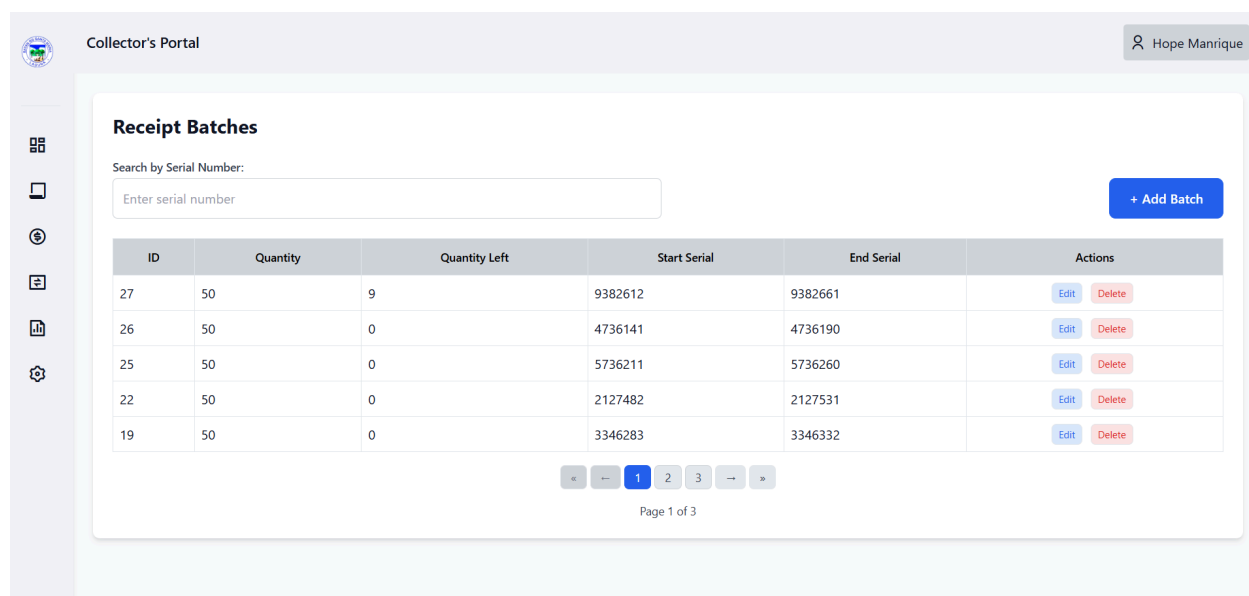

The **Receipt Batches** section allows the collector to view, search, and create receipt batches that will be used for payment processing.

a. Viewing Receipt Batches

1. Click the **Receipt Batches** icon from the sidebar.

2. The **Receipt Batches Table** will appear, showing all the receipts' serial numbers that will be used in the payment processing.

Note: This is just sample data for demonstration purposes.

3. Each row includes the following information:

- **ID** – Number of the receipt batch based on the order of input
- **Quantity** – original quantity of the receipt batch before it was used
- **Quantity Left** – current quantity of the receipt batch
- **Start Serial** – starting serial no. of the receipt batch
- **End Serial** – ending serial no. of the receipt batch
- **Actions** – edit and delete actions for updating the receipt batch and receipt batch deletion

b. Searching Receipt Batches

To find a specific receipt batch faster, use the search bar at the top of the table.

Receipt Batches

Search by Serial Number:

+ Add Batch

ID	Quantity	Quantity Left	Start Serial	End Serial	Actions
27	50	11	9382612	9382661	Edit Delete
26	50	0	4736141	4736190	Edit Delete
25	50	0	5736211	5736260	Edit Delete
22	50	0	2127482	2127531	Edit Delete
19	50	0	3346283	3346332	Edit Delete

1 2 3

Page 1 of 3

- Search Bar - You can search receipt batches by using their serial number

c. Adding a Receipt Batch

You can add a receipt batch directly from this page.

1. Click the **Add Batch** button (blue) at the top-right of the page.

Receipt Batches

Search by Serial Number:

+ Add Batch

2. A **pop-up form** will appear containing different input fields:

- **Quantity**
- **Quantity Left**
- **Starting Serial No.**
- **Ending Serial No.**

The image shows a 'pop-up form' titled 'Add Batch'. It contains four input fields: 'Quantity', 'Quantity Left', 'Starting Serial No.', and 'Ending Serial No.'. At the bottom right of the form are two buttons: 'Cancel' (grey) and 'Save' (blue). The form is displayed over a table with columns labeled '1' and 'Serial'.

3. Input all of the necessary information in the form. **(The only inputtable fields in this form are the Quantity and the Starting Serial No.)**
4. The Quantity Left input field will automatically fill up depending on the quantity.
5. The Ending Serial No. input field will automatically fill up depending on the quantity and the starting serial number.
6. Once done, click the save button to save the receipt batch.

d. Editing/Updating a Receipt Batch

In the **Actions** column in the receipt batch table, by clicking the edit button in the corresponding batch row, you can edit the details of the selected receipt batch.

IMPORTANT: If the receipt batch details are already correct, or if it has been used. It is advisable not to edit that receipt batch. Only edit that batch if there are discrepancies before you use that receipt batch.

Receipt Batches

Search by Serial Number:

ID	Quantity	Quantity Left	Start Serial	End Serial	Actions
27	50	11	9382612	9382661	Edit Delete
26	50	0	4736141	4736190	Edit Delete
25	50	0	5736211	5736260	Edit Delete
22	50	0	2127482	2127531	Edit Delete
19	50	0	3346283	3346332	Edit Delete

Page 1 of 3

1. Click the edit button in the corresponding receipt batch row to edit their details.
2. Once clicked, a pop-up form containing different input fields for quantity, quantity left, starting and ending serial no. will be pre-filled based on the current receipt batch.

Edit Batch

Quantity

Quantity Left

Starting Serial No.

Ending Serial No.

Page 1 of 3

3. Once done updating the receipt batch, click the Save Changes button to commit the changes to the details of the batch.

e. Deleting a Receipt Batch

In the **Actions** column in the receipt batch table, by clicking the delete button in the corresponding employee row, you can delete the selected receipt batch.

IMPORTANT: If the receipt batch has been used, it is advisable not to delete that receipt batch since there are transactions that are already linked to that batch. Only delete the batch if there are discrepancies before you use that receipt batch.

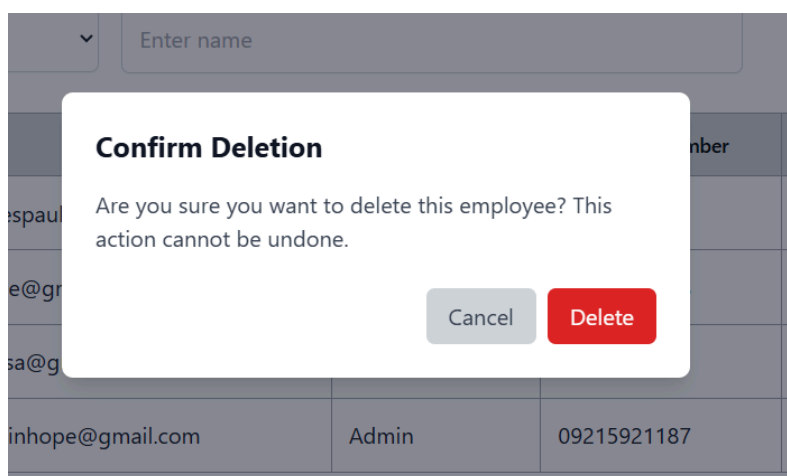

Receipt Batches

Search by Serial Number:

ID	Quantity	Quantity Left	Start Serial	End Serial	Actions
27	50	11	9382612	9382661	Edit Delete
26	50	0	4736141	4736190	Edit Delete
25	50	0	5736211	5736260	Edit Delete
22	50	0	2127482	2127531	Edit Delete
19	50	0	3346283	3346332	Edit Delete

Page 1 of 3

1. Click the delete button in the corresponding receipt batch row to delete the selected batch.
2. Once clicked, a pop-up confirmation message appears, asking for confirmation of the deletion of the selected batch.

3. Click the delete button to confirm the deletion. If you do not wish to continue the deletion, click the Cancel button.

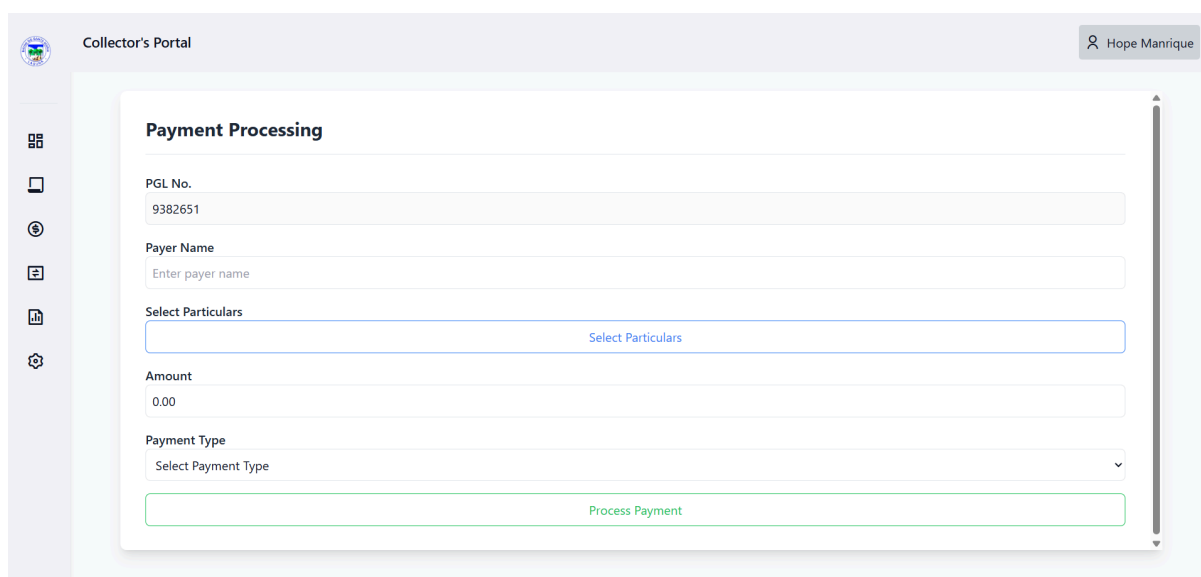

4.3. PAYMENTS

The **Payments section** allows the collector to process payments to be recorded as transactions in the system and issue printable receipts.

This section helps streamline the payment process by automatically recording each transaction, updating financial records in real time, and ensuring that every issued receipt is properly logged and traceable within the system.

a. Payment Processing Overview

When you click on the Payments icon in the sidebar, you'll see the payment processing form containing different fields for recording payment transactions.

The screenshot shows the 'Collector's Portal' interface. On the left is a sidebar with icons for various functions. The main area displays the 'Payment Processing' form. The form includes the following fields and controls:

- PGL No.:** A text input field containing the value '9382651'.
- Payer Name:** A text input field with the placeholder text 'Enter payer name'.
- Select Particulars:** A dropdown menu with the text 'Select Particulars'.
- Amount:** A text input field containing the value '0.00'.
- Payment Type:** A dropdown menu with the text 'Select Payment Type'.
- Process Payment:** A green button at the bottom of the form.

- **PGL No.** - contains the PGL No. of the receipt that will be issued for the transaction
- **Payer Name** - name of who will avail the particular/s for the transaction
- **Select Particulars** - contains all of the LGU payment references that can be availed during the transaction
- **Amount** - total amount will be paid for the transaction
- **Payment Type** - mode of payment that will be used in the transaction

b. How to Process a Payment/Transaction?

To process a transaction, follow these steps:

1. The PGL No. field is automatically filled and should not be edited manually. If this field is empty, it indicates that no available receipt batch is ready for use. Collectors must first add or ensure that a valid receipt batch exists in the system before processing any payments.
 - a. **Note:** To add a receipt batch, refer to **4.2c. Adding a Receipt Batch**.
2. In the Payer Name field, enter the full name of the person who is the payer in the transaction.
3. To select the payment particular/s, click on the “Select Particulars” button, to open a pop-up window that contains the selection of all of the LGU payment references in the system.

15. Once the receipt is printed, you will be redirected back to the Transaction Page of the system.

4.4 TRANSACTION

The **Transactions section** allows the collector to view, search, and generate reports for the payment records that you submitted through the Municipal Payment Portal. This page serves as the main record-keeping area where every transaction is listed in detail.

a. Viewing Transactions

1. Click the **Transactions icon** from the sidebar.

2. The **Transactions Table** will appear, showing all payments recorded in the system.

The screenshot shows the 'Transactions' table in the 'Collector's Portal'. The table displays a list of transactions with columns for PGL No., Date, Time, Payer Name, Particulars, Amount, Payment Type, Check Number, and Actions. A 'Generate Report' button is located at the top right of the table.

PGL No.	Date	Time	Payer Name	Particulars	Amount	Payment Type	Check Number	Actions
9382651	October 19, 2025	11:15 pm		Annotation fee x 1, AUSF x 1	P320.00	Cash	-	
9382650	October 14, 2025	12:56 pm		Certificate of no real property x 1, certification fee (B) (M) (D) x 1	P115.00	Cash	-	
9382649	October 14, 2025	12:54 pm		CCE/CFN on COLB/M/D under RA 9048/10172 x 1, Certificate of no real property x 1	P1050.00	Cash	-	
9382648	October 14, 2025	12:52 pm		Annotation fee x 1, AUSF x 1	P320.00	Cash	-	
9382647	October 13, 2025	1:06 am		Cash Excess (Payroll) x 1, Cash Excess (AICS/PHILHEALTH) x 1	P3693.86	Cash	-	

Note: This is just a sample report for demonstration purposes.

3. Each row includes the following information:

- **PGL No.** – Unique transaction number assigned automatically.
- **Date and Time** – When the transaction was made.
- **Payer Name** – The name of the person who made the payment.
- **Particulars** – Description of fees or services paid.
- **Amount** – Total payment collected.
- **Payment Type** – Mode of payment (e.g., Cash).
- **Check Number** – Shown only if payment was made by check.
- **Actions** – Click the **eye icon** (👁️) to view full details of the transaction.

[Download Report](#)

Note: This is just a sample report for demonstration purposes.

8. You can then **download or save** the report at the bottom

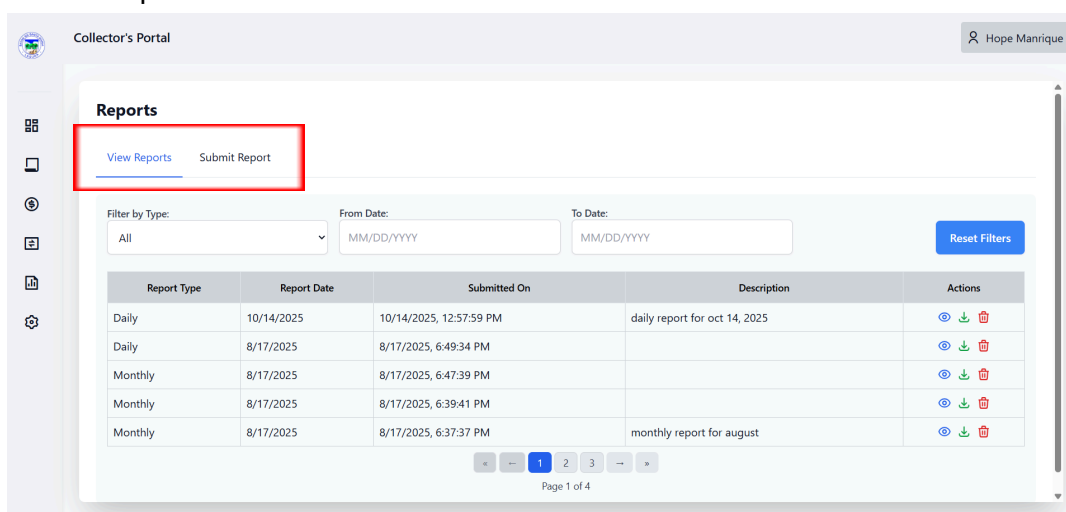

💡 This feature is ideal when creating official records for submission or review.

4.5. REPORTS

The **Reports section** allows the collector to submit generated financial reports to the system for review and record-keeping. This section ensures that all required reports (such as Daily or Monthly summaries) are properly documented and accessible to authorized personnel, like the accountant and system administrator.

a. Viewing Submitted Reports

- When you click on the Reports icon in the sidebar, you'll see two tabs:
 - View Reports
 - Submit Report

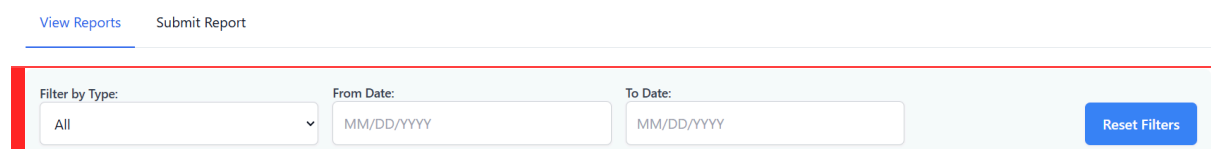

Filter Options

You can filter or search reports using the following fields:

- Filter by Type** – choose the type of report you want to view (e.g., Monthly, Quarterly).
- From Date / To Date** – specify a date range to narrow your search..
- Reset Filters** - click this button if you wish to display all of the reports unrestricted by the date range.

Reports

The table below these filters shows:

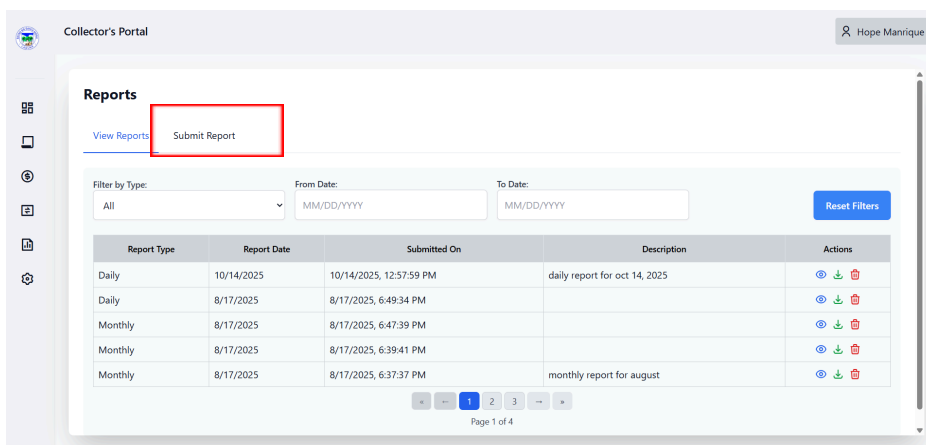

- **Report Type** – the kind of report (Daily, Monthly, etc.)
- **Report Date** – the coverage date of the report
- **Submitted On** – the date the report was uploaded
- **Description** – short details added by the treasurer
- **Actions** – options to view, download, or delete the submitted report

 *If no reports appear, it means no reports have been submitted yet.*

b. Submitting a New Report

To upload or record a new report, follow these steps:

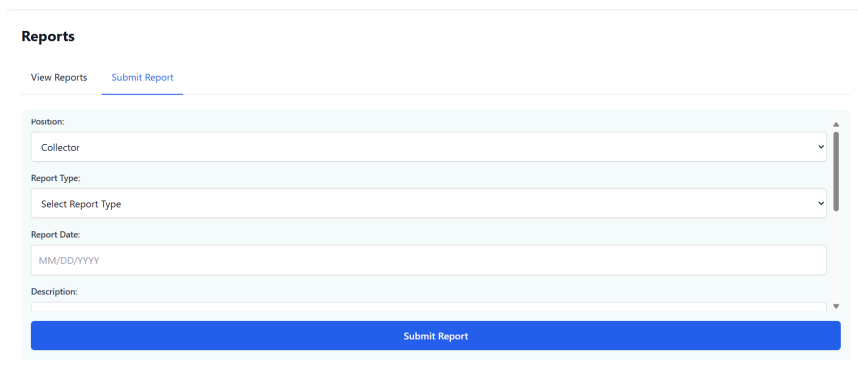

1. Go to the **Reports** section in the sidebar.
2. Click the **Submit Report** tab.

Report Type	Report Date	Submitted On	Description	Actions
Daily	10/14/2025	10/14/2025, 12:57:59 PM	daily report for oct 14, 2025	  
Daily	8/17/2025	8/17/2025, 6:49:34 PM		  
Monthly	8/17/2025	8/17/2025, 6:47:39 PM		  
Monthly	8/17/2025	8/17/2025, 6:39:41 PM		  
Monthly	8/17/2025	8/17/2025, 6:37:37 PM	monthly report for august	  

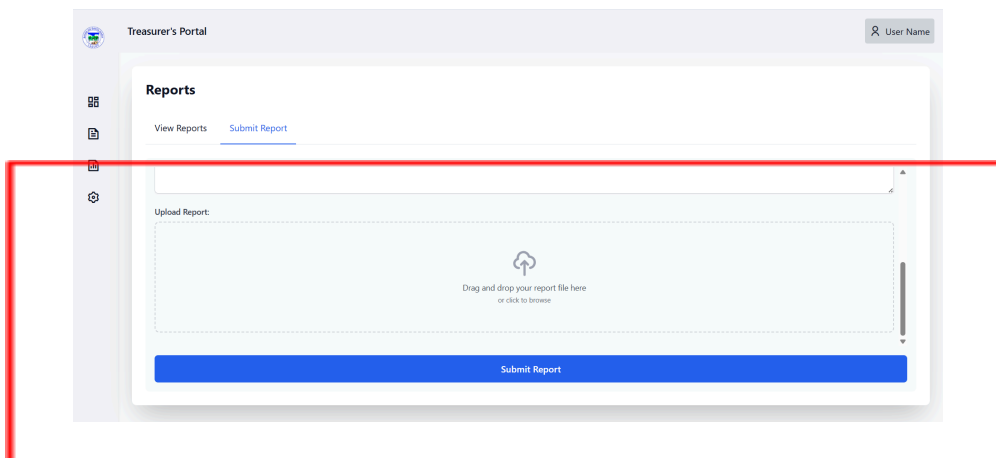

3. Fill in the following fields:

- **Position:** Automatically filled as “Collector.”
- **Report Type:** Choose the type of report (e.g., Daily, Monthly).
- **Report Date:** Select the date that the report covers.
- **Description:** (Optional) Add short details about the report.

4. Upload the report file:

- You can **drag and drop** your file into the upload box, or
- Click the box to manually select a file from your computer.
- Supported formats: usually PDF, Excel, or Word.

5. After reviewing the details, click the **Submit Report** button (blue) to upload, and it will be recorded to the **View Reports** tab for tracking.
6. Once submitted, your report will appear in the **View Reports** tab and will be visible to authorized users, like the accountant and administrator.

💡 *Make sure your report file is final and complete before submission. Once uploaded, reports are automatically time-stamped by the system.*

c. Tips for Collectors

- Double-check all entries and file names before submitting.
- Use clear and consistent report descriptions.
- Always attach the correct file using the drag-and-drop uploader.
- Submit reports on time according to your municipality's reporting schedule.
- Contact the admin if a report needs to be replaced or corrected.

💡 *All submitted reports are safely stored in the system and can be accessed later for audits or reference.*

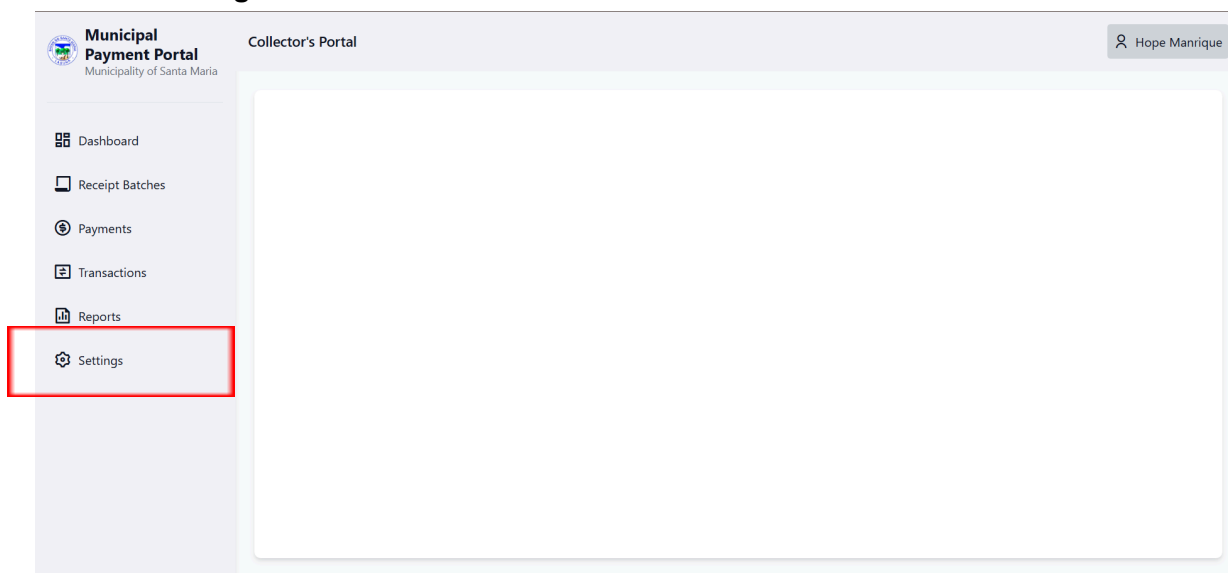

4.6 SETTINGS

The **Settings section** allows the treasurer to manage their account preferences and security settings. From here, users can update their password, adjust session timeout options, and control how long the system stays active when idle.

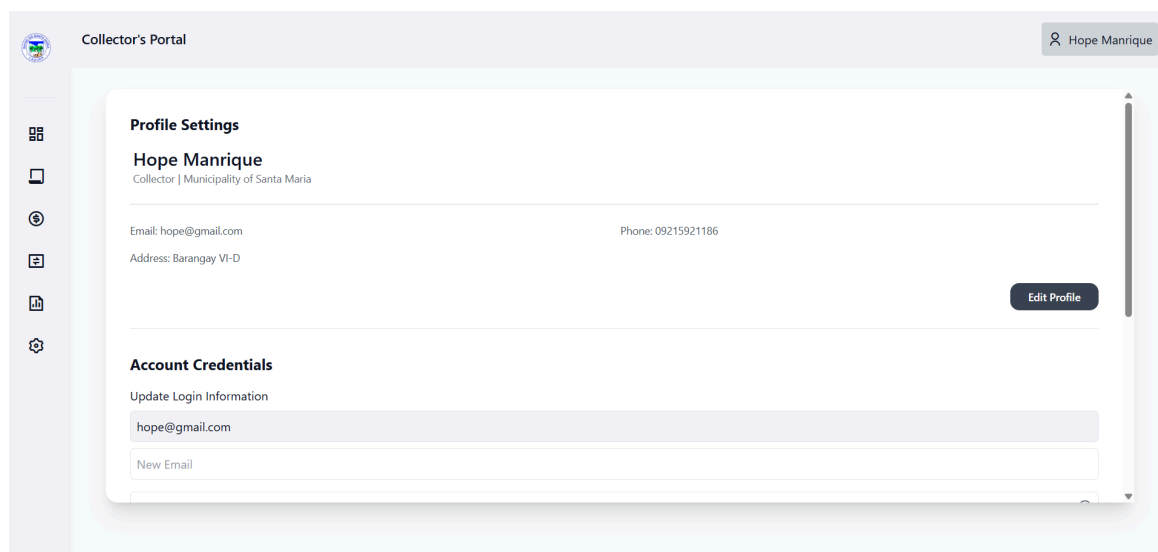

These settings help ensure that your account and data remain secure at all times.

a. Accessing the Settings Page

1. Click the **Settings icon** on the sidebar.

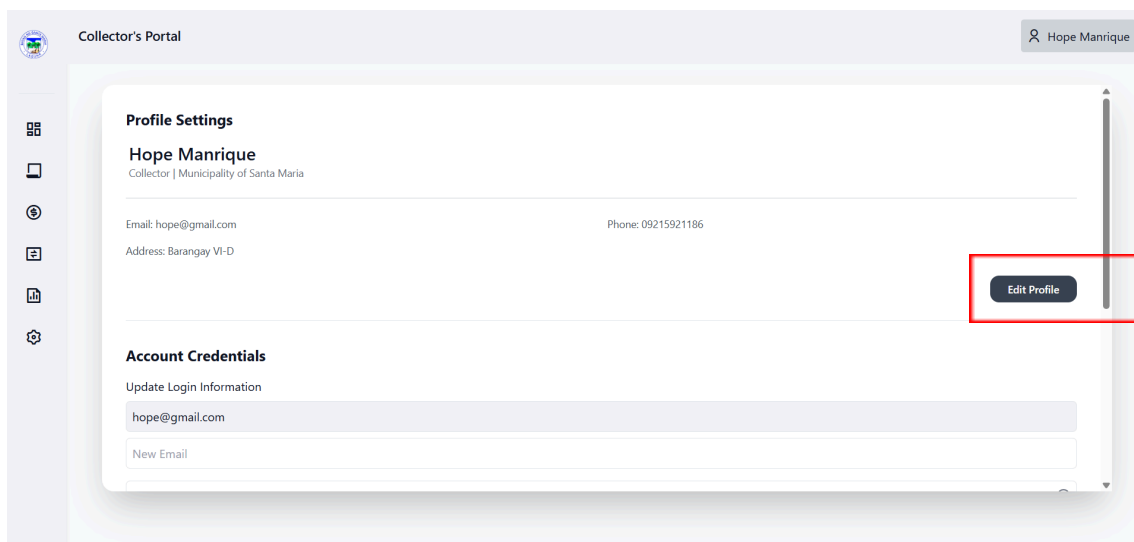

2. The **Account Settings** page will open, where you can view or edit your personal and security preferences.

b. Editing Your Profile

You can easily update your personal information in the system.

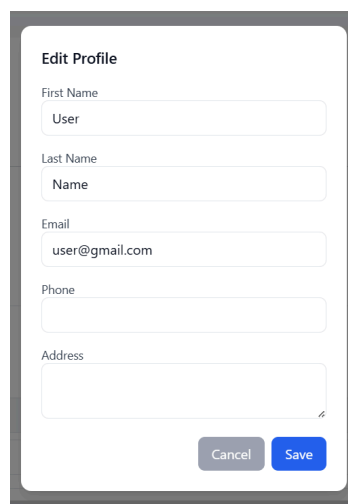

1. Go to the **Settings** page.
2. Click the **Edit Profile** button.

The screenshot shows the 'Collector's Portal' interface. At the top right, the user's name 'Hope Manrique' is displayed. The main content area is titled 'Profile Settings' and shows the user's name 'Hope Manrique' and title 'Collector | Municipality of Santa Maria'. Below this, there are fields for 'Email: hope@gmail.com', 'Phone: 09215921186', and 'Address: Barangay VI-D'. A red box highlights the 'Edit Profile' button located on the right side of the profile information section. Below the profile settings, there is an 'Account Credentials' section with a 'Update Login Information' form, including a 'New Email' field.

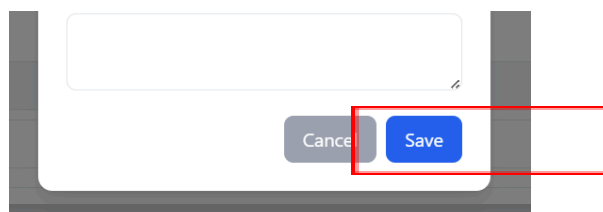

3. A **pop-up window** will appear where you can edit the following details:

- **First Name**
- **Last Name**
- **Email Address**
- **Phone Number**
- **Address**

The screenshot shows a 'Edit Profile' pop-up window. It contains input fields for 'First Name' (with the value 'User'), 'Last Name' (with the value 'Name'), 'Email' (with the value 'user@gmail.com'), 'Phone', and 'Address'. At the bottom right of the window, there are 'Cancel' and 'Save' buttons.

4. After entering your updated information, click **Save** to apply the changes.

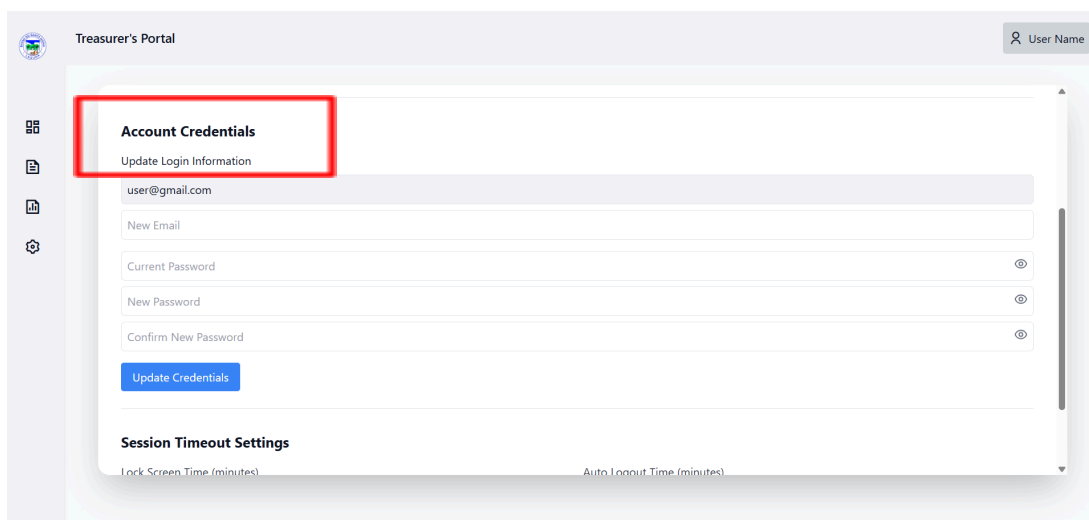

This is a close-up view of the bottom right corner of the 'Edit Profile' pop-up window. It shows the 'Cancel' and 'Save' buttons. A red box highlights the 'Save' button, which is a blue button with white text.

c. Updating Your Account Credentials

To maintain security, it's recommended to update your password regularly.

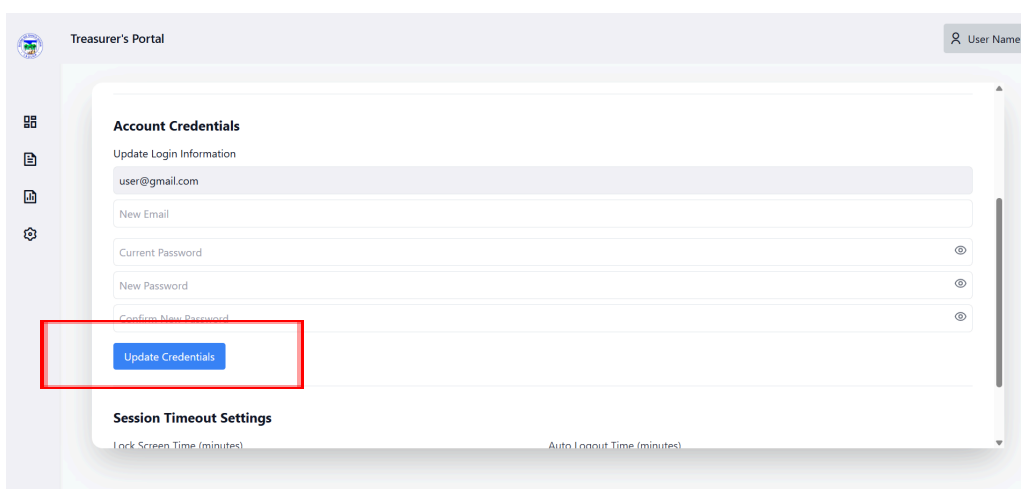

Follow these steps:

1. Go to the **Settings** page.
2. Scroll until you see **"Account Credentials"**

The screenshot shows the 'Treasurer's Portal' interface. On the left is a sidebar with icons for home, documents, and settings. The main content area is titled 'Account Credentials' and contains a section for 'Update Login Information'. This section includes a text field for 'user@gmail.com', a 'New Email' field, and three password fields: 'Current Password', 'New Password', and 'Confirm New Password'. Each password field has a toggle icon to the right. Below these fields is a blue 'Update Credentials' button. At the bottom of the main content area is a 'Session Timeout Settings' section with two input fields: 'Lock Screen Time (minutes)' and 'Auto Logout Time (minutes)'.

3. Enter your **current password**.
4. Type your **new password**, then confirm it in the **Confirm Password** field.
5. Click **Update Credentials** to apply the update.

This screenshot is identical to the one above, showing the 'Account Credentials' page. However, a red rectangular box highlights the blue 'Update Credentials' button, indicating the final step in the process.

d. Session Timeout Settings

To change the logout duration and lockscreen duration, you can scroll to the bottom of the settings section. **This is where the session timeout is located.**

The screenshot shows the 'Treasurer's Portal' interface. On the left is a sidebar with icons for home, settings, and other functions. The main content area has a header with 'user@gmail.com' and a 'User Name' field. Below this are fields for 'New Email', 'Current Password', 'New Password', and 'Confirm New Password', each with a toggle icon. A blue 'Update Credentials' button is below these fields. The 'Session Timeout Settings' section is highlighted with a red box. It contains two dropdown menus: 'Lock Screen Time (minutes)' set to '15 Minutes' and 'Auto Logout Time (minutes)' set to '20 Minutes'. A green 'Save Timeout Settings' button is at the bottom right of this section.

💡 Shorter timeouts increase security, while longer ones are more convenient during long tasks.

i. Lock Screen Time

The **Lock Screen feature** lets you secure your session temporarily without logging out completely.

To use it:

1. Go to the Session Timeout Settings at the bottom of the “Settings Section”.
2. Click the lockscreen dropdown and choose your desired time based on your preference (e.g., 1, 5, or 15 minutes).
3. You can also select “Never” to turn off the lock screen feature.

This screenshot shows the 'Session Timeout Settings' section. The 'Lock Screen Time (minutes)' dropdown menu is open, displaying options: 'Never', '1 Minute', '2 Minutes', '5 Minutes', '10 Minutes', and '15 Minutes'. The 'Auto Logout Time (minutes)' dropdown is set to 'Never'. A green 'Save Timeout Settings' button is visible. Below the settings is an 'Organization Logo' section with a 'Choose File' button and the text 'No file chosen'. The organization name 'Municipality of Santa Maria' is displayed at the bottom.

4. Once you're done, click the “Save timeout Settings”.

This screenshot shows the 'Session Timeout Settings' section with the 'Lock Screen Time (minutes)' dropdown set to '15 Minutes' and the 'Auto Logout Time (minutes)' dropdown set to '20 Minutes'. The green 'Save Timeout Settings' button is highlighted with a red box.

ii. Auto-Logout Time

For your protection, the system automatically logs you out after being inactive for a certain time — this is called an **Auto-log-out Time**.

- If you're away from your computer, the system will log you out automatically to prevent unauthorized access.
- You can **change the auto-logout duration** in the **Settings** section based on your preference.

Session Timeout Settings

Lock Screen Time (minutes)
15 Minutes

Auto Logout Time (minutes)
20 Minutes
5 Minutes
10 Minutes
15 Minutes
20 Minutes
30 Minutes

To change this:

1. Go to the Session Timeout Settings at the bottom of the “Settings Section”.
2. Click the **Auto-Logout Time** and choose your desired time based on your preference (e.g., 5, 10, or 30 minutes).
3. You can also select “Never” to turn off the auto-logout feature.

Session Timeout Settings

Lock Screen Time (minutes)
15 Minutes

Auto Logout Time (minutes)
20 Minutes
5 Minutes
10 Minutes
15 Minutes
20 Minutes
30 Minutes

4. Once you're done, click the **“Save timeout Settings”**.

Session Timeout Settings

Lock Screen Time (minutes)
15 Minutes

Auto Logout Time (minutes)
20 Minutes

Save Timeout Settings

💡 You can set the time for both LockScreen time and Auto-Logout time before clicking Save Time Out Settings at the same time.
