1. INTRODUCTION

This manual provides comprehensive instructions on how to use the Municipal Payment Portal effectively. It is designed to help users navigate the system, make payments, and manage their accounts with ease.

1.1 System Overview

The **Municipal Payment Collection System** is a web-based system developed for the **Municipality of Santa Maria, Laguna**. It helps automate the process of recording payments, generating reports, and tracking finances.

For the **Treasurer**, the system provides tools to monitor real-time transactions, view collections from collectors, and create financial reports. It also includes security features such as role-based access and audit logs to ensure that every transaction is properly tracked and protected.

1.2 Purpose of the Manual

This manual is made to guide **Municipal Staff (Treasurers)** on how to use the Municipal Payment Portal properly. It explains how to:

- Log in to the system,
- View and check payments from collectors,
- Create and submit financial reports,
- Update profile and account settings.

The main purpose of this guide is to help treasurers understand how to use the system efficiently and make daily financial operations smoother and more transparent for the municipality.

2. SYSTEM REQUIREMENTS

Before using the **Municipal Payment Portal**, make sure your computer or device is ready. This section explains what you need so the system works smoothly and without errors.

a. Hardware Requirements

You don't need special equipment to use the system. You just need:

- A **computer or a laptop** to open the system
- A **dot matrix printer** is needed if you need to print receipts or reports
- A **stable internet connection** so pages and reports load properly

💡 *If your internet is slow, wait a few seconds for the page to finish loading before clicking again.*

b. Software Requirements

The system works online through a web browser, so you don't have to install anything.

Recommended Browsers:

- **Google Chrome** – *Best browser to use for the system (**highly recommended**)*
- Mozilla Firefox – Works well, but may load slower on some pages
- Microsoft Edge – Compatible but may display pages slightly differently
- Opera – Can be used, but some features might not appear the same

Other Tools Needed:

- **PDF Reader:** Adobe Acrobat Reader or any app that can open PDF files (for viewing receipts)
- **Excel/Spreadsheet Applications:** Microsoft Excel, Google Sheets or any app that can open Excel files (for opening downloaded generated reports)

💡 *The system works best on **Google Chrome** because it displays all pages correctly and loads faster than other browsers.*

2.3 Account and Security Settings

- Each user will receive a **username and password** from the system administrator.
- Keep your password **private and secure**.
- Always **log out** after using the system, especially on shared computers.
- The system also includes a **security feature** that logs you out automatically if you are inactive for a while. *(More details about this are explained in the Security and Privacy section.)*

3. GETTING STARTED

This section will guide you through the basic steps in using the **Municipal Payment Portal**, from opening the system to exploring its main features. Follow these steps carefully to make sure you can access your account and navigate the system properly.

3.1 Accessing the System

1. Open your **web browser**.
2. In the address bar, type the system link:

www.program-maria-treasury.com

3. Press **Enter** on your keyboard.
4. The **Municipal Payment Portal Login Page** will appear.

3.2 Obtaining the Login Credentials

1. The login credentials are only provided by the system administrator.
2. To access your login credentials, the system administrator must have sent an email that contains your login credentials to your email account that will be used in the system.

a.

3.3 Logging In

1. On the login page, enter your **Email** and **Password** that were given by the system administrator.
2. Click the **Login In** button.
3. Wait a few seconds while the system loads.
4. Once logged in, you will be directed to the **Collector's Dashboard**.

💡 If you enter the wrong credentials, an error message will appear. Try again or click the “Forgot Password” to recover your account (see 3.6 **Forgot Password / Account Recovery**).

3.4 Sidebar Menu

On the **left side of the screen**, you'll see the **sidebar** — this is your main navigation tool.

It contains all the system pages you'll use.

Sidebar Menu Options:

- **Dashboard** – shows the overall financial summary
- **Transactions** – displays all payment records
- **Reports** – for creating financial and summary reports
- **Settings** – where you can edit your profile, change password, or adjust auto-logout and lock screen times

💡 The sidebar automatically **expands** when you hover your mouse over it, and **collapses** again when you move the cursor away. This helps keep your workspace clean and gives more space for the dashboard and reports.

Sidebar (Collapsed / Not Hovered)

“Sidebar when not hovered — only the icons are visible.”

Sidebar (Expanded / Hovered)

“Sidebar when hovered — full menu names appear.”

3.5 Logging Out

1. When you're done, click **Logout** on the sidebar or the top right corner of the screen.

2. Wait for the confirmation message that says you have successfully logged out.

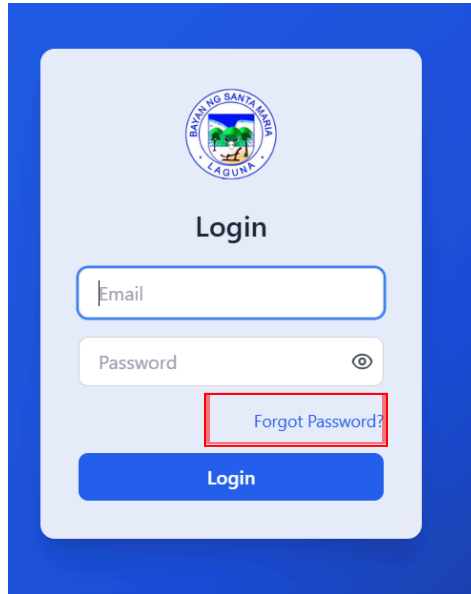

3. You can log in again anytime using your username and password.

💡 If you leave your account inactive for a few minutes, the system will log you out automatically (session timeout) to keep your account secure.

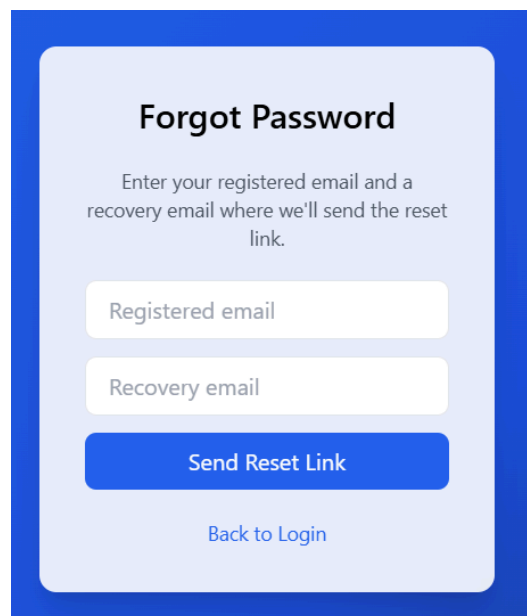

3.6 Forgot Password/Account Recovery

1. When you forget your password, in the login page, click on the “**Forgot Password?**” under the password input field.

The screenshot shows a login interface with a blue background. At the top center is the Bayan LG Santa Maria Laguna logo. Below it is the word "Login". There are two input fields: "Email" and "Password". The "Password" field has a toggle icon (an eye) to its right. Below the "Password" field, the text "Forgot Password?" is highlighted with a red rectangular box. At the bottom is a blue button labeled "Login".

2. Once clicked, you will be redirected to the Forget Password Page, which contains an input field to enter your recovery email and your registered email address in the system. If the system does not recognize the email address, then there will be no reset link sent.
 - a. **Note:** The recovery email will be the recipient of the reset link.

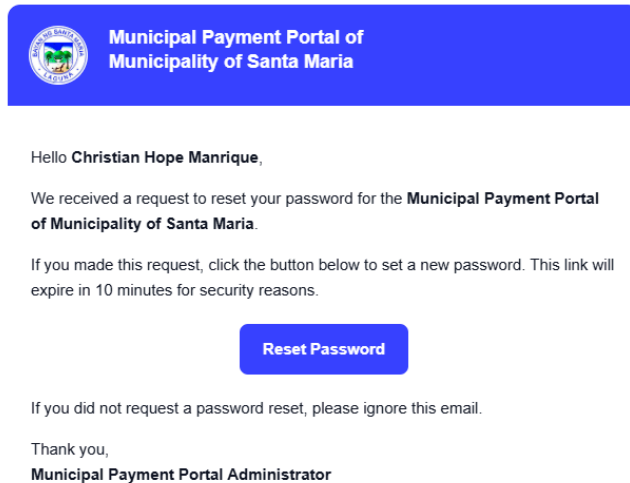

The screenshot shows the "Forgot Password" page. At the top is the title "Forgot Password". Below it is a message: "Enter your registered email and a recovery email where we'll send the reset link." There are two input fields: "Registered email" and "Recovery email". Below these fields is a blue button labeled "Send Reset Link". At the bottom is a link labeled "Back to Login".

3. Click the “Send Reset Link” button to obtain the reset link, and check your email account. You should receive an email like this:

Password Reset Request > Inbox x

Municipal Payment Portal <0322-2198@lspu.edu.ph>
to me ▾

4. Click the “Reset Password” button to access the reset link.
5. Once clicked, you will be redirected to the Reset Password page, which contains a new password input field.

The screenshot shows a 'Reset Password' page. It has a blue background. In the center, there's a light blue rounded rectangle. Inside this rectangle, the text 'Reset Password' is displayed at the top. Below it is a white text input field with the placeholder text 'Enter new password'. At the bottom of the light blue rectangle is a blue button with the text 'Update Password' in white.

6. Enter your new password, and click the Update Password button.
7. Once clicked, you will be redirected back to the Login Page, and then you can log in again using your new password.

4. TREASURER FUNCTIONS

This section explains the main features that the **Treasurer** can use inside the **Municipal Payment Portal**. As a treasurer, you can view all payment records, generate and submit reports, and manage your account settings to keep your information secure and updated.

4.1 DASHBOARD

After logging in, you will be directed to the **Treasurer's Dashboard**, which is the main page of the system. This dashboard gives the treasurer a quick overview of all financial activities and collections.

In the Dashboard, you will see several key sections:

a. Viewing Transactions

When you click “**View Details**” under **Total Transactions**, a window appears showing the **Transactions Summary**.

This summary helps the treasurer see how many payments were made within a specific time range.

Transactions Summary Window

The window contains:

- **Filter Buttons:** Daily | Weekly | Monthly | Quarterly | Yearly
- **Table Columns:**
 - **Time** – day or period being viewed
 - **Transactions** – number of payments recorded
 - **Trend** – percentage or movement of transactions over time

How to view transactions:

1. From the **Dashboard**, click “**View Details**” under **Total Transactions**.

Total Transactions
1340

2. Choose your **preferred filter** (Daily, Weekly, Monthly, Quarterly, or Yearly).

Treasurer's Portal

Treasurer's Dashboard | Welcome, Treasurer User Name!

Total Transactions
1340

Total Revenue
₱604,874

Report Shortcuts

Transactions Summary

Time	Transactions	Trend
Tue	0	→ 0 (0%)
Wed	0	→ 0 (0%)
Thu	0	→ 0 (0%)
Fri	0	→ 0 (0%)
Sat	0	→ 0 (0%)
Sun	0	→ 0 (0%)
Mon	0	→ 0 (0%)

View By:

3. The table will update automatically to show transaction counts for each period.
4. Review the results to monitor activity and see if collections increased or stayed the same.
5. Click the **X icon** on the top-right corner to close the window.

Trend

→ 0 (0%)

→ 0 (0%)

→ 0 (0%)

→ 0 (0%)

→ 0 (0%)

View By:

 Use “Monthly” or “Quarterly” view to check long-term performance trends.

b. Viewing Revenue

When you click “**View Details**” under **Total Revenue**, another window opens called **Revenue Summary**.

This shows how much money was collected in each period, along with trend comparisons.

Revenue Summary Window

The window displays:

- **Filter Buttons:** Daily | Weekly | Monthly | Quarterly | Yearly
- **Table Columns:**
 - **Time**— period of collection
 - **Revenue** – total amount collected in pesos (₱)
 - **Trend** – percentage increase or decrease compared to the previous period

How to view revenue:

1. From the **Dashboard**, click “**View Details**” under **Total Revenue**.

Total Revenue
₱604,874.51

View Details

2. Pick your desired filter (Daily, Weekly, Monthly, Quarterly, or Yearly).

The screenshot shows the Treasurer's Portal interface. A modal window titled "Revenue Summary" is open, displaying a table with the following data:

Time	Revenue	Trend
Tue	P0.00	→ 0 (0%)
Wed	P0.00	→ 0 (0%)
Thu	P0.00	→ 0 (0%)
Fri	P0.00	→ 0 (0%)
Sat	P0.00	→ 0 (0%)
Sun	P0.00	→ 0 (0%)
Mon	P0.00	→ 0 (0%)

The background dashboard shows "Total Transactions: 1340" and "Total Revenue: ₱604,874.51". The "Revenue Summary" window has filter buttons for "Daily", "Weekly", "Monthly", "Quarterly", and "Yearly", with "Daily" selected. A "View By:" dropdown is also visible on the right side of the window.

3. The system automatically refreshes the table to display revenues for the selected range.
4. Review the **Trend** column to see if the collection increased or decreased.
5. Click the **X icon** to close the summary window.

💡 The “Revenue Summary” helps track how much income the municipality receives over time and compare performance across different periods.

c. Shortcut Buttons

The **Reports Section** in the Treasurer’s Dashboard makes it easy to generate financial summaries with just one click.

You can use the **Report Shortcut Buttons** to quickly create and view reports based on the time period or report type you need.

These shortcuts are found under the “**Report Shortcuts**” section on the left side of the dashboard.

Button	Description
Monthly (Blue)	Generates a summary of all transactions and total revenue for the current month.
Quarterly (Green)	Creates a report that shows payment activity and income every month.

Yearly (Purple)	Shows a summary of total collections and revenue for the entire year.
Engineering Share (Orange)	Displays reports related to the engineering department's share of collected payments.
RRR (Red)	Generates the Remittance Report Record , which includes a summary of all remittances submitted.

How to Generate a Report?

You can generate reports in **two ways** — either from the **Dashboard (Report Shortcuts)** or directly from the **Transactions Page**.

Using the Dashboard Report Shortcuts

1. From the **Dashboard**, scroll to the **Report Shortcuts** section.
Click the button for the report you want to generate (e.g., **Monthly**, **Quarterly**, or **Yearly**).

2. Wait a few seconds.
3. A pop-up window will appear.

4. Click **Generate** to proceed.

5. Wait a few seconds while the system compiles the data.
6. After a few seconds, **another pop-up window will appear showing the generated report.**

Note: This is just a sample report for demonstration purposes.

7. You can then:

- **Download** the report as an Excel file,
- **Save** it for future reference.
- And submit it to the “submit reports section”

Back Download Report

💡 Each report includes details such as total collections, total transactions, and revenue breakdowns by category.

d. Revenue Overview Chart

The Revenue Overview chart provides a visual representation of revenue performance.

Use the “View By” dropdown menu to switch between different views (**Daily, Weekly, Monthly, Quarterly, or Yearly**).

This chart helps accountants analyze trends in collection and detect any irregularities in reported revenues.

4.2 TRANSACTION

The **Transactions section** allows the treasurer to view, search, and generate reports for all payment records submitted through the Municipal Payment Portal.

This page serves as the main record-keeping area where every transaction is listed in detail.

a. Viewing Transactions

1. Click the **Transactions icon** from the sidebar.

2. The **Transactions Table** will appear, showing all payments recorded in the system.

The screenshot shows the 'Transactions' table in the 'Treasury's Portal'. The table has columns for PGL No., Date, Time, Payer Name, Particulars, Amount, Payment Type, Check Number, and Actions. The table displays five transactions from October 1, 2025. Below the table is a pagination bar showing 'Page 1 of 268'.

PGL No.	Date	Time	Payer Name	Particulars	Amount	Payment Type	Check Number	Actions
9382651	October 1, 2025	12:34 pm	Jazmin Dorado	Annotation fee x 1	₱120.00	Cash	-	
9382650	October 1, 2025		Iraoed	AUSF x 1	₱200.00	Cash	-	
9382649	October 1, 2025		I Dorado	Annotation fee x 1	₱120.00	Cash	-	
9382648	October 1, 2025		I Dorado	burial permit (apartment) x 1, Cattle Registration Fee (Ownership) x 1	₱3546.98	Cash	-	
9382647	October 1, 2025		I Dorado	Annotation fee x 1, Amusement Tax (Provincial Account) x 1	₱243.67	Cash	-	

Page 1 of 268

Note: This is just a sample report for demonstration purposes.

3. Each row includes the following information:

- **PGL No.** – Unique transaction number assigned automatically.
- **Date and Time** – When the transaction was made.
- **Payer Name** – The name of the person who made the payment.
- **Particulars** – Description of fees or services paid.
- **Amount** – Total payment collected.
- **Payment Type** – Mode of payment (e.g., Cash).
- **Check Number** – Shown only if payment was made by check.
- **Actions** – Click the **eye icon** (👁️) to view full details of the transaction.

Page 1 of 268

Note: This is just a sample report for demonstration purposes.

- **Today** – Shows only today's transactions.

The screenshot shows the 'Transactions' filter interface. The 'Today' button is highlighted with a red box. The interface includes a sidebar with icons for a grid, a document, and a list. The main area has a title 'Transactions' and a row of filters: 'Today', 'Select Month', 'Select Quarter', 'Select Year', 'Select Day', 'Filter by Date Range', a search bar 'Search by PGL No. or Payn', and a 'Generate Report' button. Below the filters is a table with columns: PGL No., Date, Time, Payer Name, Particulars, Amount, Payment Type, Check Number, and Actions.

- **Select Month** – Displays all transactions made during a specific month.

The screenshot shows the 'Transactions' filter interface. The 'Select Month' dropdown menu is highlighted with a red box. The interface is identical to the previous one, with the same sidebar, filters, search bar, and table.

- **Select Quarter** – Filters records by quarter

The screenshot shows the 'Transactions' filter interface. The 'Select Quarter' dropdown menu is highlighted with a red box. The interface is identical to the previous ones, with the same sidebar, filters, search bar, and table.

- **Select Year** – Shows all transactions for a specific year.

The screenshot shows the 'Transactions' filter interface. The 'Select Year' dropdown menu is highlighted with a red box. The interface is identical to the previous ones, with the same sidebar, filters, search bar, and table.

- **Select Day** – Filters records by a particular day

The screenshot shows the 'Transactions' filter interface. The 'Select Day' dropdown menu is highlighted with a red box. The interface is identical to the previous ones, with the same sidebar, filters, search bar, and table.

- **Filter by Date Range** – Lets you choose custom start and end dates.

The screenshot shows the 'Transactions' filter interface. The 'Filter by Date Range' button is highlighted with a red box. The interface is identical to the previous ones, with the same sidebar, filters, search bar, and table.

- **Search Bar** – You can search transactions by **PGL Number** or **Payer Name**.

The screenshot shows the 'Transactions' page with various filters: 'Today', 'Select Month', 'Select Quarter', 'Select Year', 'Select Day', and 'Filter by Date Range'. A search bar labeled 'Search by PGL No. or Payer' is highlighted with a red box. To the right of the search bar is a blue button labeled 'Generate Report'.

PGL No.	Date	Time	Payer Name	Particulars	Amount	Payment Type	Check Number	Actions
---------	------	------	------------	-------------	--------	--------------	--------------	---------

💡 You can combine filters to refine results — for example, selecting a month and a year together.

c. Generating a Report from Transactions

You can also generate reports directly from this page.

1. Click the **Generate Report** button (blue) at the top-right of the page.

This screenshot is similar to the previous one, but the blue 'Generate Report' button is highlighted with a red box.

PGL No.	Date	Time	Payer Name	Particulars	Amount	Payment Type	Check Number	Actions
---------	------	------	------------	-------------	--------	--------------	--------------	---------

2. A dropdown menu will appear with several report options:

- **Generate Monthly Report**
- **Generate Quarterly Report**
- **Generate Yearly Report**
- **Generate Engineering Share Report**
- **Generate RRR Report**

This screenshot shows the 'Generate Report' button with a dropdown menu open, listing five report options: 'Generate Monthly Report', 'Generate Quarterly Report', 'Generate Yearly Report', 'Generate Engineering Share Report', and 'Generate RRR Report'. The dropdown menu is highlighted with a red box.

PGL No.	Date	Time	Payer Name	Particulars	Amount	Payment Type
9382651	October 1, 2025	12:34 pm	Jazmin Dorado	Annotation fee x 1	P120.00	Cash
9382650	October 1, 2025		araeod	AUSF x 1	P200.00	Cash
9382649	October 1, 2025		Dorado	Annotation fee x 1	P120.00	Cash
9382648	October 1, 2025		Dorado	burial permit (apartment) x 1, Cattle Registration Fee (Ownership) x 1	P3546.98	Cash
9382647	October 1, 2025		Dorado	Annotation fee x 1, Amusement Tax (Provincial Account) x 1	P243.67	Cash

Page 1 of 268

3. Select the report type you want to generate.
4. A pop-up window will appear where you can select the **Month** and **Year** for the report.

5. Click **Generate**, and the system will compile all related transactions.

6. After a few seconds, another pop-up window will appear showing the preview of the generated report.

REVENUE SOURCES	ACCOUNT CODE	AMOUNT
TAX ON BUSINESS		123.67
Amusement Tax (Provincial Account)	581	123.67
Business Taxes		0.00
Retailers	582	0.00
Contractors	582	0.00
Bank & Other Financial Institutions	582	0.00
Interest / Surcharge	582	0.00
OTHER TAXES		0.00
Community Tax - Corporation		0.00
Community Tax - Individual	583	0.00

Note: This is just a sample report for demonstration purposes.

7. You can then **download or save** the report at the bottom

💡 This feature is ideal when creating official records for submission or review.

4.3. REPORTS

The **Reports section** allows the treasurer to submit generated financial reports to the system for review and record-keeping.

This section ensures that all required reports (such as Monthly, Quarterly, or Yearly summaries) are properly documented and accessible to authorized personnel, like the accountant and system administrator.

a. Viewing Submitted Reports

1. When you click on the Reports icon in the sidebar, you'll see two tabs:

- View Reports
- Submit Report

Filter Options

You can filter or search reports using the following fields:

- **Filter by Type** – choose the type of report you want to view (e.g., Monthly, Quarterly).
- **From Date / To Date** – specify a date range to narrow your search.

The table below these filters shows:

- **Report Type** – the kind of report (Monthly, Quarterly, etc.)
- **Report Date** – the coverage date of the report
- **Submitted On** – the date the report was uploaded
- **Description** – short details added by the treasurer
- **Actions** – options to view or download the submitted report

💡 *If no reports appear, it means no reports have been submitted yet.*

b. Submitting a New Report

To upload or record a new report, follow these steps:

1. Go to the **Reports** section in the sidebar.
2. Click the **Submit Report** tab.

The screenshot shows the 'Treasurer's Portal' interface. On the left is a sidebar with icons. The main area is titled 'Reports' and contains two tabs: 'View Reports' and 'Submit Report'. The 'Submit Report' tab is highlighted with a red rectangular box. Below the tabs, there are three filter fields: 'Filter by Type' with a dropdown menu currently showing 'All', 'From Date' with a text input field and a calendar icon, and 'To Date' with a text input field and a calendar icon. Below these filters is a table with the following columns: 'Report Type', 'Report Date', 'Submitted On', 'Description', and 'Actions'. The table is currently empty, and the text 'No reports found' is centered at the bottom of the table area.

3. Fill in the following fields:

- **Position:** Automatically filled as “Treasurer.”
- **Report Type:** Choose the type of report (e.g., Monthly, Quarterly, Yearly, Engineering Share, or RRR).
- **Report Date:** Select the date that the report covers.
- **Description:** (Optional) Add short details about the report.

4. Upload the report file:

- You can **drag and drop** your file into the upload box, or
- Click the box to manually select a file from your computer.
- Supported formats: usually PDF, Excel, or Word.

5. After reviewing the details, click the **Submit Report** button (blue) to upload, and it will be recorded to the **View Reports** tab for tracking.
6. Once submitted, your report will appear in the **View Reports** tab and will be visible to authorized users, like the accountant and administrator.

💡 *Make sure your report file is final and complete before submission. Once uploaded, reports are automatically time-stamped by the system.*

c. Tips for Treasurers

- Double-check all entries and file names before submitting.
- Use clear and consistent report descriptions.
- Always attach the correct file using the drag-and-drop uploader.
- Submit reports on time according to your municipality's reporting schedule.
- Contact the admin if a report needs to be replaced or corrected.

💡 *All submitted reports are safely stored in the system and can be accessed later for audits or reference.*

4.4 Settings & Account Management

The **Settings** section allows the treasurer to manage their account preferences and security settings.

From here, users can update their password, adjust session timeout options, and control how long the system stays active when idle.

These settings help ensure that your account and data remain secure at all times.

a. Accessing the Settings Page

1. Click the **Settings** icon on the sidebar.

2. The **Account Settings** page will open, where you can view or edit your personal and security preferences.

b. Editing Your Profile

You can easily update your personal information in the system.

1. Go to the **Settings** page.
2. Click the **Edit Profile** button.

The screenshot shows the 'Treasurer's Portal' interface. On the left is a sidebar with icons for home, documents, charts, and settings. The main content area is titled 'Profile Settings'. Under 'User Name', it shows 'Treasurer | Municipality of Santa Maria'. Below this, it lists 'Email: user@gmail.com', 'Phone: N/A', and 'Address: N/A'. A dark blue 'Edit Profile' button is located on the right side of the profile section, highlighted with a red rectangular box. Below the profile section is the 'Account Credentials' section, which includes a field for 'New Email'.

3. A **pop-up window** will appear where you can edit the following details:

- **First Name**
- **Last Name**
- **Email Address**
- **Phone Number**
- **Address**

The screenshot shows a 'Edit Profile' modal window. It contains five input fields: 'First Name' (with 'User' entered), 'Last Name' (with 'Name' entered), 'Email' (with 'user@gmail.com' entered), 'Phone', and 'Address'. At the bottom right of the modal are two buttons: 'Cancel' and 'Save'. The 'Save' button is highlighted with a red rectangular box.

4. After entering your updated information, click **Save** to apply the changes.

This is a close-up screenshot of the bottom right corner of the 'Edit Profile' modal. It shows the 'Cancel' and 'Save' buttons. The 'Save' button is highlighted with a red rectangular box.

c. Updating Your Password

To maintain security, it's recommended to update your password regularly.

Follow these steps:

1. Go to the **Settings** page.
2. Scroll until you see **"Account Credentials"**

Treasurer's Portal

User Name

Account Credentials

Update Login Information

user@gmail.com

Session Timeout Settings

Lock Screen Time (minutes)

Auto Logout Time (minutes)

d. Session Timeout and Auto Logout

To change the logout duration and lockscreen duration, you can scroll to the bottom of the settings section. **This is where the session timeout is located.**

The screenshot shows the 'Treasurer's Portal' interface. On the left is a sidebar with icons for home, settings, and other functions. The main content area has a 'user@gmail.com' header and a form for updating credentials (New Email, Current Password, New Password, Confirm New Password) with an 'Update Credentials' button. Below this, the 'Session Timeout Settings' section is highlighted with a red box. It contains two dropdown menus: 'Lock Screen Time (minutes)' set to '15 Minutes' and 'Auto Logout Time (minutes)' set to '20 Minutes'. A green 'Save Timeout Settings' button is at the bottom right of this section.

💡 Shorter timeouts increase security, while longer ones are more convenient during long tasks.

a. Lock Screen Time

The **Lock Screen feature** lets you secure your session temporarily without logging out completely.

To use it:

1. Go to the Session Timeout Settings at the bottom of the “Settings Section”.
2. Click the lockscreen dropdown and choose your desired time based on your preference (e.g., 1, 5, or 15 minutes).

This is a close-up of the 'Session Timeout Settings' section. The 'Lock Screen Time (minutes)' dropdown menu is open, showing a list of options: 1 Minute, 2 Minutes, 5 Minutes, 10 Minutes, and 15 Minutes. The '15 Minutes' option is currently selected and highlighted in blue. The 'Auto Logout Time (minutes)' dropdown remains set to '20 Minutes'. The green 'Save Timeout Settings' button is visible to the right.

3. Once you're done, click the “Save timeout Settings”.

This screenshot shows the 'Session Timeout Settings' section again. The 'Lock Screen Time (minutes)' dropdown is set to '15 Minutes' and the 'Auto Logout Time (minutes)' dropdown is set to '20 Minutes'. The green 'Save Timeout Settings' button is highlighted with a red rectangular box, indicating where to click to save the changes.

b. Auto-Logout Time

For your protection, the system automatically logs you out after being inactive for a certain time — this is called an **Auto-log-out Time**.

- If you're away from your computer, the system will log you out automatically to prevent unauthorized access.
- You can **change the auto-logout duration** in the **Settings** section based on your preference.

Session Timeout Settings

Lock Screen Time (minutes): 15 Minutes

Auto Logout Time (minutes): 20 Minutes

5 Minutes
10 Minutes
15 Minutes
20 Minutes
30 Minutes

To change this:

1. Go to the Session Timeout Settings at the bottom of the “Settings Section”.
2. Click the **Auto-Logout Time** and choose your desired time based on your preference (e.g., 5, 10, or 30 minutes).
3. Once you're done, click the **“Save timeout Settings”**.
